GENERAL DINNER MEETING

Tuesday, June 18, 2013

SPEAKER: Joe Carrieri, President and General Manager- PCL Industrial Services, Inc.

Presentation of Scholarships

LOCATION: Bakersfield Petroleum Club
5060 California Ave., 12th Floor
Bakersfield, CA

TIME: Social Hour: 6:00 p.m.
Tech. Session: 6:30 p.m.
Dinner: 7:00 p.m.
Speaker: 8:00 p.m.
Price: \$25

**June's Social Hour is sponsored by
Robin Brassfield-Cooper of Robin's Envirovac**

Guest Speaker:
Joe Carrieri, President and
General Manager- PCL Industrial
Services, Inc.

Joe joined PCL in 1998 as a project manager in Minneapolis, and he has worked on notable projects including the nationwide Rainforest Cafe account, the ten-year Mall of America renovation, the Minneapolis Central Library, the 3M D-11 Decatur Manufacturing facility, and several design-build projects. Since being appointed operations manager in May 2009, Joe supported John Kerchinski in the implementation of PCL processes and procedures in the Bakersfield district. Joe holds a bachelor's degree from Northeastern University's mechanical engineering program and is a graduate of the 2006 PCL Leadership Course. Joe celebrated his 15 year milestone with PCL this past April, and second year as President and General Manager of PCL Industrial Services, Inc.

Topic: WWW.COM - WHERE am I going, WHAT are my options, and WHEN am I ready.

TECHNICAL SESSION

There will not be a technical speaker at the June meeting in order to allow ample time to honor our scholarship recipients.

Correction: May's Technical Session was sponsored by API Historian Christine Lujan of **Cenergy**. Our apologies for misspelling your company's name in last month's addition of the newsletter. A BIG thank you to Christine and **Cenergy** for all they do for the API.

Super Prize Raffle

We've got another fabulous SUPER Prize valued at over \$200 courtesy of Dan Sliter of PCL Industrial Services, Inc. The May Super Prize raffle raised \$1,670 for the API Scholarship Fund. Bring a few bucks to the June meeting and you could be our next winner.

Reservations

As most of you are aware, we have increased our attendance immensely at the API Dinner Meetings. **In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please send in your RSVP to Julie Grassi at (661) 632.1400 or jgrassi@chevron.com no later than 4:00 PM on Monday, June 17th.** It is important that we have our head count and food selections turned in to the Petroleum Club the day before the event so the appropriate amount of tables and seating are setup in advance to accommodate the crowd. Your timely response is appreciated.

Upcoming Events

To keep things going the right way, we are providing a list of upcoming API activities and events so you can plan for them. This list will be updated as information becomes available.

API Website

Visit the API website www.apibakersfield.org. There are pictures of events, archived newsletters, and links to other informative websites. You can also pay for the monthly dinner meeting and your newsletter sponsorship; start paying the easy way with API's PayPal buttons! To see additional photos visit our Facebook page www.facebook.com/APIBakersfield.

Derricks to Desks - Teacher Seminar

Each summer, the Western States Petroleum Association and the American Petroleum Institute, San Joaquin Chapter sponsors a teacher's seminar "Derricks to Desks". The purpose of this seminar is to provide an understanding of the petroleum and energy industry as a supplier of affordable and environmentally sound energy, as well as the economic and community benefit we provide. This year's seminar will be held July 15-18, with the last day a tour of off-shore seeps.

Seminars such as this cannot happen without the participation of sponsoring companies. We invite you to participate as a sponsor with the following sponsorship opportunities:

- Day Sponsor: \$750
- Labs: \$250
- 1 teacher's registration fee: \$75
- Donate company logo items for door prizes
- Monetary donation to the overall program

Assistance is also needed for helping to set up the classroom as well as setting up the snacks/meals each day. Five volunteers are needed on July 17th from noon until 4 p.m. to help set up and explain labs that the teachers can try and then learn how to use in their classrooms. Materials will be provided for these labs, instructions will be available to the volunteer prior to the seminar, and everyone has a great time working at each of the lab stations.

If you can help with any of these sponsorships or volunteer positions, please contact Sherlee Bailey at the Western States Petroleum Association, 901 Tower Way, Suite 300, Bakersfield, CA 93309. Her telephone is 661-321-0884, ext. 2 and email address is sbailey@wspea.org.

API Scholarships

Due to the tremendous efforts of our members through events such as the annual API Golf Tournament and Fall Fun Shoot we will be awarding \$78,000 to 53 recipients at the June meeting.

The API would like to thank the following individuals/companies for sponsoring the meals for the recipients and their families (\$75 per family).

Jim Roberts - \$1000
Robin's Envirovac - 10 families
Bob Moore & Assoc. - 6 families
Pros (Ed Rodriguez) - 4 families
PCL - 5 families
Gaines Recruiting - 2 families
PXP (Dave Buddy) - 2 families
Downhole Stabilization - 2 families
ProU - 2 families
Precision Pump - 1 family
Baker Hughes (Jodi King) - 1 family
Randy Adams - 1 family

Recipients are listed on the following page.

Outstanding Scholarship Recipients

NAME	SCHOOL
Bowen, Stephen	UC Davis
Buller, Kolby	San Diego State
Condie, Chancell	Montana Tech
Dean, Paul	Oregon State University

Save Energy and Cut Oil & Gas Well Pulling 50%

Plunger Comparison

API Conventional vs. Farr™ Plunger
US Patent #6543,543 B2

The FARR Plunger is designed for use with rod pumps in oil and gas wells. Its unique design allows it to pump when sand and other solids are present without sticking. It can be used in any API pump barrel for insert and tubing pumps.

Muth Pump LLC.

Phone: 661-588-8700

Fax: 661-836-1512

Garold Muth cell: 661-333-1297

David Muth cell: 661-805-6520

www.muthpump.com

Notice how the solids on the Conventional API pump are **funneled outward** into the **gap** between the plunger connector and the pump barrel wall. This will cause the API plunger to stick in the barrel and/or shorten its run life.

In comparison, notice how the solids in the "FARR™" pump are **channeled inward**, keeping solids in solution at all times, thus not letting them between the plunger and barrel wall.

The FARR™ Plunger will stay in the ground 3 to 6 times longer than a Conventional API plunger.

FARR PLUNGER ADVANTAGES

- ★ Increased pump life 3-6 times longer
- ★ Increased Production Efficiency
- ★ Increased Production & Profits
- ★ Reduce Environmental Spill Incidents
- ★ Reduce Well Pulling by 50%
- ★ Sticking Plungers Eliminated
- ★ Saves Energy
