

Topic: Fueling Your Future

Sherry Stein

Sherry Stein's current role is HR Manager Recruitment & Talent Management. This position leads the team responsible for recruitment, workforce analytics, staff and succession planning.

Sherry began her career in Human Resources 40 years ago as a Personnel Supervisor for Robinson May Retail Corporation. She was recruited by Shell Oil Company in 1977 to fill a Human Resources position at their Wilmington Manufacturing Complex. She worked a variety of assignments in Human Resources for Shell in California and Houston, TX before her transfer to Bakersfield, in January 1995. She has performed a number of Aera Human Resources Manager roles at Aera since its formation in June 1997. Sherry holds a BS Degree in Marketing and a MBA from California State University at Long Beach. Sherry's interests include: being active, cooking something new, writing, and travel adventures.

Sherry's presentation is about the competencies (soft skills) and experiences recruiters seek in college recruits. The API scholarship recipients and parents will learn the critical few soft skills and why they are important in the workplace. We will discuss experiences recruiters look for and provide tips on how to grow and demonstrate soft skills competency.

API Scholarship Dinner Sponsorship:

Dinner sponsorships are available for our scholarship recipients and their families at the June General Meeting when we will be awarding 50 college scholarships totaling \$113,000! Each sponsorship is \$90 and your name and company name will be listed in the June newsletter along with the number of families that you sponsored. We will also display this information at our June meeting in the PowerPoint presentation. Please contact Debbie Caywood at d-caywood@hotmail.com if you would like to sponsor these deserving recipients and their families.

General Meeting

Tuesday, June 16, 2015

Guest Speaker:

Sherry Stein
HR Manager Recruitment &
Talent Management
Aera Energy LLC.

Location:

Bakersfield Petroleum Club
5060 California Ave. 12th Floor
Bakersfield, CA

Schedule:

Social Hour:	6:00PM
Tech. Session:	6:30PM
Dinner:	7:00PM
Speaker:	8:00PM

Price: \$30.00

Social Hour Sponsor:

Ashley McIrvine, Performance
Contracting Inc.

General Meeting Reservations:

We have increased our attendance immensely at the API Dinner Meetings. **In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please send in your RSVP to Terra Gaines at (661) 340-8932 or apibakersfieldchapter@gmail.com no later than 4:00 PM on Monday, June 15th.**

It is important that we have our head count and food selections turned in to the Petroleum Club the day before the event so the appropriate amount of tables and seating are setup in advance to accommodate the crowd. Your timely response is appreciated.

Super Prize Raffle:

We've got another fabulous SUPER Prize valued at over \$200 courtesy of Dan Sliter from PCL. A BIG thank you to Dan for all he does. Proceeds from the June Super Raffle will be donated to the API's Scholarship Fund. The May 2015 meeting raised \$905 for the API's Scholarship Fund. Bring a few bucks to the June meeting and you could be our next winner.

2015 Upcoming Events:

June 16 th	General Meeting
July 21 st	General Meeting
August 18 th	General Meeting
September 15 th	General Meeting
October 2 nd	Fall Fun Shoot
October 20 th	General Meeting

Thank you notes from API scholarship recipients:

Matt Kedzierski
API San Joaquin Valley Chapter
Scholarship Chairman 2015

Re: 2015 API Scholarship Award

Dear Mr. Kedzierski:

I am writing to once again thank you and the API Board for your generous scholarship award. I sincerely appreciate being selected as a third year recipient of this scholarship. It truly is an honor.

I am enrolled as a junior at Montana Tech and am currently attending summer school. The financial assistance I have received from API is greatly appreciated and has allowed me to continue my studies in petroleum engineering. Once I achieve my goals I hope to be able to give back to my community and help others. Again, thank you!

Very truly yours,

Bradley R. Utt

Social Hour Sponsor:

This month's Social Hour is sponsored by Ashley McIrvine from Performance Contracting Inc. Thank you to Ashley for her generosity. The Social Hour is a great opportunity to meet other people in our industry and create business contacts.

REPRESENTATIVE CLIENTS

THE MARCOM GROUP

661.489.4444 TheMarcomGroup.com

Representative, EHS – Bakersfield, CA

Seneca Resources Corporation, the oil & gas exploration and production subsidiary of National Fuel Gas Company (NYSE: NFG), is currently seeking a Representative, EHS at its Bakersfield, CA office.

The Representative, EHS will serve as an integral member of the Environmental, Health & Safety team with responsibilities including, but not limited to, the following:

- Ensure safe work practices among employees and contractors
- Work with contractor safety personnel to bring contractor safety programs in alignment with Seneca programs
- Continuously improve Seneca EHS performance
- Participate in and direct HAZID and HAZOPS
- Execute EHS audits including: inspect equipment and facilities, document and address deficiencies using several internal and external resources based on severity of deficiency, and report completion and submission
- Follow-up on EHS audits, incidents, and investigations to ensure corrective action has been completed
- Train applicable personnel in EHS programs, develop or source new training as needed
- Work with EHS staff to achieve EHS goals including environmental compliance while conforming to safety management system requirements.

This position requires a High School Diploma/GED and a minimum of five (5) years EHS experience in the oil & gas industry OR a Bachelor's Degree in a safety related or similar field. Experience with federal and state health and safety programs and regulations, with strong working knowledge of Cal-OSHA is preferred. A technical aptitude in oil-gas operations along with construction competences is essential. Experience with MS Office (Word, Excel, PowerPoint) is required. The successful candidate must have structured discipline for self-starting, scheduling, troubleshooting, and advising with little to no supervision. The successful candidates must also be flexible, able to work in a team environment and possess good interpersonal and communication skills.

The successful candidate must be authorized to work in United States of America with a valid driver's license with no restrictions to operate a company vehicle. This position is a DOT-covered function and must comply with all applicable DOT requirements.

All candidates who wish to be considered for this position should visit www.natfuel.com/careers for information on submitting a resume.

SENECA RESOURCES CORPORATION IS AN EQUAL OPPORTUNITY EMPLOYER MINORITIES/WOMEN/DISABLED/VETERANS

Please note: We occasionally amend or withdraw Seneca Resources jobs and reserve the right to do so at any time, including prior to the advertised closing date.

As an active exploration and production company in the northeastern U.S. for more than 100 years, Seneca Resources Corporation is committed to safety, environmental stewardship, increased productivity and maximizing shareholder value.

Chlorine Dioxide Enhances Produced Water Quality

Chlorine dioxide is one of many microbiological control options for treating produced water in the oil and gas industry. The use of chlorine dioxide is well established through years of safe use in various industrial applications which include:

Control of microbial growth in the oil field produced water systems- Chlorine dioxide is able to penetrate biofilm and kill microorganisms

Reduction of interface growth in oil/water separation equipment and a reduction of microbiologically induced corrosion
 Reduction of particulate formation in water injection systems

Seaco can demonstrate how chlorine dioxide can work in your water handling systems and help to reduce your cost of operation.

Allow us to show you how today at 1-661-323-5115.

HSC is proud to announce the opening of our High Pressure Iron Testing and Recertification Facility for our Bakersfield Branch.

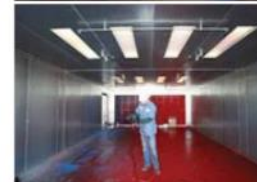

HSC has industry certified technicians to serve all of your equipment needs to ensure that your equipment is safe and free of washout and corrosion.

INSPECTIONS INCLUDE

1. **VISUAL INSPECTION** - Looking for wash out and corrosion that's identifiable to the naked eye.
2. **ULTRA SONIC THICKNESS TEST** - A gauging process used to identify thickness of metal.
3. **MAGNETIC PARTICLE INSPECTION** - An inspection using magnetic particles to identify cracks and discontinuities in metal.
4. **HYDROSTATIC TESTING** - Pressure test using air and water.

Plug valves - ball valves - swivel joints - pup joints fittings - vessels - temporary piping - manifolds - flanges welds - down hole tools - pumps

Now that oil prices are at rock bottom,

Lowering Profits.

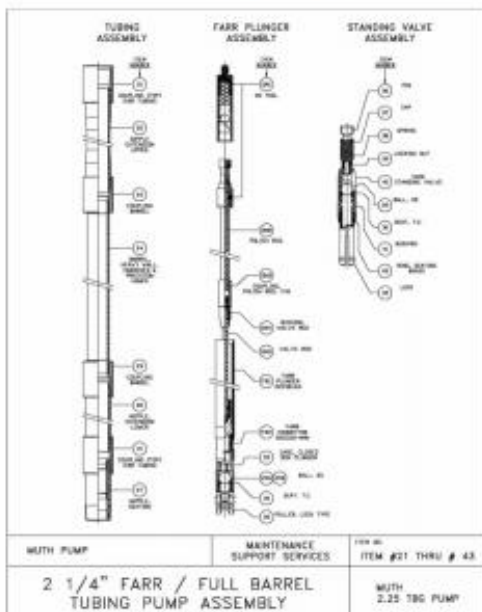

Oil producers should consider utilizing downhole rod pumps that stay in the ground 300% longer.

(Six Sigma Study)

Farr plunger pumps will drop operating costs to rock bottom

Increasing Profits
