May 2016

TOPIC: Frac 101: The Basics of Hydraulic Fracturing with a Perspective on Chemical and Water Usage in California.

David Susko

Dave Susko returned to California in 2011 with Baker Hughes as the Technical Manager for West Coast Pressure Pumping. His group designs stimulations treatments, zonal isolation solutions and provides other technical support relating to hydraulic fracturing, acidizing, and cementing. Since returning to California, he presented

numerous times on the subject of well stimulation to a wide variety of audiences including legislators, teachers, students, regulators, mineral owners, and the general public. In 2015, he was awarded the SPE Western North America Region Award for Production and Operations.

Prior to his return California, he was a technical instructor for BJ Services and Baker Hughes based in Houston. For five years, he traveled around the globe teaching courses on the subjects of well stimulation and cementing. During that time, he co-authored a paper on building and maintaining effective training programs in today's evolving petroleum industry.

In 1995, Dave began his career here in Bakersfield as a field engineer with BJ Services. He spent the first eleven years of his career fulfilling many engineering and supervisory roles throughout the West Coast, Alaska, and Rocky Mountain regions.

General Meeting: Tuesday, May 17 2016

Guest Speaker:

David Susko Area Technical Manager Baker Hughes

Technical Speaker:

Tim Davis
Technical Director
TAM International

Location:

Bakersfield Petroleum Club 5060 California Ave. 12th Floor Bakersfield, CA

Schedule:

Social Hour: 6:00PM
Tech. Session: 6:30PM
Dinner: 7:00PM
Speaker: 8:00PM

Price: \$30.00

Social Hour Sponsor:

Dan Sliter PCL

Tech Session Sponsor:

Gary Watts
NorCal Pipeline

Super Prize Sponsor:

Terra Gaines
Petroleum Club of Bakersfield

TOPIC: Using an Re-settable Inflatable Straddle Packer System for Well Diagnostics

May's Technical Speaker is Tim Davis. Tim is the Technical Director for TAM International headquartered in Houston, Texas and has been with the company for nine years. He manages Technical Services, Product Line Mangers, Marketing, and Training. Prior to working for TAM, Tim spent 19 years in the wireline industry in both the cased hole and open hole markets. He has authored and co-authored a number of SPE papers. He is a graduate of Texas A&M University with a Bachelor of Science degree in Petroleum Engineering.

API Scholarship Dinner Sponsorship

Dinner sponsorships are available for our scholarship recipients and their families at the June General Meeting when we will be awarding 48 college scholarships! Each sponsorship is \$90 and your name and company name will be listed in the June newsletter along with the number of families that you sponsored. We will also display this information at our June meeting in the PowerPoint presentation. Please contact David Budy at David_budy@fmi.com if you would like to sponsor these deserving recipients and their families.

Terra Talk

The 67th Annual API Golf Tournament is now behind us and with all things considered, the event was a huge success. I want to take a moment to recognize a few key players in the planning and execution of an event of this magnitude. Our Golf Chairman; Jim Roberts, Co-Chairman & Raffles; Dan Sliter, and Team Registrations & Sponsorship; David Budy. Another job well done Gentlemen!!

We could not have pulled it off without the help of countless volunteers, sponsors, participants, and contributors. Special thanks to Sandy & Weldon Sons, Christy Lencioni, Dan Tuttle, Jeff Hanson, Ramiro Estenssoro, Mike Handren, Desk & Derrick, Course Marshals, Raffle Ticket Sales Team, all of our BBQ Station Sponsors, and all who contributed to our raffle. Your generosity and hard work directly contributes to the API Scholarship Fund and is greatly appreciated. After all, that's what it's all about.

Upcoming Events:

Mark your calendars for the next API Networking Social June 9, Scholarship Awards Dinner June 21, & Casino Night August 6. More information to come in the near future.

Executive Board Transition:

Please join me in congratulating Matt Melnyk as our 2016 API Secretary. He's done an amazing

job as our Community Involvement Chair and I'm confident in Matt's leadership abilities on the Executive Board.

As always, I love to hear your feedback. Please feel free to call or email your comments or suggestions to 661/340-8932 or apibakersfieldchapter@gmail.com. I look forward to seeing you at the May Meeting!

Terra Gaines 2016 API Chairman

General Meeting Reservations

Please RSVP to apibakersfieldchapter@gmail.com or Eddie Gutierrez at 661-440-5008 by 4:00 PM the Monday prior to the meeting. Include your dinner choice of steak, chicken, salmon, or vegetarian. It is important that we have an accurate head count with food selections turned in to the Petroleum Club the day before the event. Your timely response ensures appropriate seating is made available and that everyone gets their preferred dinner choice.

Technical Speaker Sponsor

May's Technical Speaker session is sponsored by Gary Watts with NorCal Pipeline. After Tim Davis's presentation, there will be a drawing held for those who attended and engaged in the presentation. Gary, your generosity is greatly appreciated.

Super Prize Raffle

May's general meeting SUPER Prize valued at over \$200 is sponsored by our very own Chairman, Terra Gaines with the Petroleum Club of Bakersfield. We would like to thank Terra for her countless hours of support and dedication to API. Remember all proceeds from the Super Raffle goes towards the API's general scholarship fund! You could be like last month's winner, Gaylon Gordon with Oasis Energy Services who won this great golf package. Enjoy the greens in Avila Gaylon!

Networking Events

API would like to thank Summit ESP for sponsoring April's networking social at The Petroleum Club. It was a great turnout and we also want to thank everyone that came and supported the event. It was a great time and we look forward to the next one. Our next networking social will be Thursday, June 9 with more details to come. As always, the mixer is open to all API members and members are encouraged to bring a guest! If you are interested in sponsoring this event, please contact Chad Horton, chad.horton@tigerwireline.com or API's general email at apibakersfieldchapter@gmail.com

Community Involvement

API Adopt A Highway

On Saturday April 23rd, 13 volunteers met for the first of two API Adopt-A-Highway events in 2016. We had breakfast and socializing 7:00am to 8:00am at the Golden Bull restaurant. Then after a quick safety meeting the volunteers filled 23 bags of trash in just 90 minutes. After regrouping we determined that Charlie Johnson found the most unique item, an oversized load sign, and Gary Watts and his Daughter Alexandra found the most valuable Item, a C and J well servicing magnetic sign. Thanks to all the participants: Gary Watts, Alexandra Watts, Coleton Kerley, Hal Bopp, Scott Bender, Yolanda Villarreal, Robert Villarreal, Jimmy Dean, Charlie Johnson, Casey Knaak, Chris Knaak, Aimee Knaak.

API 2016 Golf Tournament

Once again, the API golf was a great for all of those who came to play and socialize during the day! We couldn't have done it without all of the golfers, volunteers, sponsorships, and food and beverage vendors who came to together to put on this event. A special recognition goes out to the top teams and individuals at Stockdale Country Club and Sundale Country Club.

FRACTURED — A bold new film from the director of spOILed!

FRACTURED makes the case that virtually every word and phrase we use when we talk about energy production and consumption is wrong and that these incorrect terms cause people to believe in expensive, dangerous illusions. "What the Frack," "Fossil Fuel," "Alternative Energy," "Clean Energy," "Climate Change Denier," "Mother Nature"—all of these terms and others cause people to irrationally believe that traditional energy sources are bad. The film flips these terms and exposes the motivations and hypocrisy of anti-energy activist groups and outright frauds such as the films GasLand and GasLand II.

The film is produced in the same entertaining, provocative and highly informative way that audiences appreciated with "spOILed."

The documentary is shot and we are in the home stretch of editing. We need your help to finish the film and spread it's pro-energy message far and wide by participating in the Fractured crowd funding campaign. We hope you will participate in the crowd fund campaign and tell everyone in your network about this important film.

Participate in the Crowd Fund Campaign

Our goal is to help our clients achieve a comfortable retirement.

Newsletter Sponsorship

If you are interested in helping API while advertising your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same ad on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page ads. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to David Budy, david budy@fmi.com. Graphics can be provided to Ryan Knapp, ryan.j.knapp@erac.com.

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
