

Paul Enggram

A New Process for Produced Water

Paul B. Enggram is a business professional with more than 30 years of experience developing and manufacturing fluid process equipment, while generating many patents for these systems. Early in Paul's career, he worked for several companies in the

fluid process industry, gaining experience in process technology. His experience includes working in the power and mining industries.

In 1992 Enggram founded BEK Systems Inc. a company which developed and manufactured fluid process equipment and water treatment technology. Because of BEK's superior technology, products, and support, it became a leader in the North American market.

In 2009 BEK was acquired by AGT-USA Inc., a company based in Corona CA, which designs and manufactures fluid process equipment. Over the last several years, Paul has developed the AGT Water Systems Division. Enggram is currently the President of AGT's Water Systems Group.

Through Paul's direction, AGT Water Systems has introduced state of the art technology to process waste waters from the oil and gas industry. AGT is providing new solutions to convert produced water into high quality, reusable water, at an efficient low cost, which has never been previously achieved.

Enggram graduated from Taylor University in 1980.

General Meeting:

Tuesday, February 21, 2017

Guest Speaker:

Paul Enggram

AGT

President AGT's Water Group

Location:

Bakersfield Petroleum Club
5060 California Ave. 12th Floor
Bakersfield, CA

Schedule:

Social Hour: 6:00PM

Tech. Session: 6:30PM

Speaker: 8:00PM

Price: \$30.00

Social Hour Sponsor:

Jim Roberts

Global Elastomeric Products

Tech Session Sponsor:

Jim Roberts

Global Elastomeric Products

Super Prize Sponsor:

Jim Roberts

Global Elastomeric Products

TOPIC: Proprietary Abandonment Technology

Tim Sharp

February's Technical Speaker is Tim Sharp. Tim Sharp began his career in the oil and gas industry in the early 1990's in his home town of Marwayne Canada. Following his passion, Tim decided to make a career of welding and pursued a "Red Seal" welding certificate in just a few years. In 2002 they formed their own oilfield construction and maintenance company and began growing a successful business. Years later Tim was approached by a client to develop a safer and more environmentally friendly method of performing surface well and pipeline abandonments, Tim came up the idea of using high-pressure water and sand to execute a proprietary way of cutting pipe while shortly later forming a new business called "NuWave

Industries". Tim currently acts as the President of NuWave and facilitates all matters dealing with Public Affairs.

General Meeting Reservations

Please RSVP to apibakersfieldchapter@gmail.com or Eddie Gutierrez at 661-440-5008 by 4:00 PM the Monday prior to the meeting. Include your dinner choice of steak, chicken, salmon, or vegetarian. It is important that we have an accurate head count with food selections turned in to the Petroleum Club the day before the event. Your timely response ensures appropriate seating is made available and that everyone gets their preferred dinner choice.

Super Prize Raffle

February's General Meeting SUPER Prize valued at over \$200 is sponsored by Jim Roberts with Global Elastomeric Products . Tickets can be purchased at the dinner and remember all proceeds from the Super Raffle goes towards the API's General Scholarship Fund! You could be a winner like Lisa Ramey with Lalonde Equipment Rentals at our January Meeting! Enjoy your new Yeti cooler!

CHAIRMAN'S CORNER

I want to thank all of you for your support and enthusiasm that you showed at our January meeting. I would love to see our attendance at 100+ at our meetings. If you have an idea that might make our meetings more interesting and enjoyable, please let me know. I want everyone to attend to have a great time and I especially want to make all of our guests feel welcome. I received a lot of good comments from our guests that attended last month and we gained some new members due to all of you. Thank you.

We have some great events coming up starting with The API-Black Gold Melodrama. A lot of people put in an astronomical amount of time and dedication into this production to raise funds for 2 great charities: The Kern County Cancer Fund and the API-SJV Chapter Scholarship Fund. The event is a great evening of family fun and entertainment. It's well worth the \$20.00 admission fee.

The next event is The API Golf Tournament. This year's tournament is on Friday May 5th. This is our biggest fundraiser for The API Scholarship Fund. You need to get signed up ASAP due to the tournament selling out.

If anyone would like to sponsor any of the following items at one of Dinner Meetings, it's a great advertisement tool for your company. They are

- Technical Session Raffle Prizes (4): \$50.00 value each
- The Super Raffle Prize: \$200.00 or more value
- Beverage Sponsor for Social Hour: \$150.00

Thanks to all of you for making The American Petroleum Institute, San Joaquin Valley Chapter what it is.

Black Gold Production

"Murder At Crooked House" is coming in March!

Black Gold's 2017 show is coming March 3 through 11, 2017. Tickets are available from board members or online at www.bgp-show.com. This promises to be a very fun show for the entire family, so get on board to support the Kern County Cancer Fund and the API Scholarship Fund and have a good time while doing it!

There are sponsorship opportunities to help us in our fight against cancer and incentives for the sponsors. If you are interested in becoming one of our sponsors, please contact Mike Handren at mhandren@yahoo.com, or (661) 330-0423.

The story in brief:

In this spoofy, musical murder whodunit, Hercules Porridge Jr., son of the famous Hoboken detective of the same name, just might solve the mystery. Or he might not. Overcoming his ineptness to investigate the goings on at Crooked House, a seedy hotel where the guests pay outrageous rent for shoddy service, he discovers what they are actually paying is BLACKMAIL! Adding murder to the mystery, a corpse is discovered in the sitting room, and a beautiful secretary is done in by deadly orchid juice. This is classic Tim Kelly at his best, full of eccentric characters, including mystery writer Anguish Crispie, a curious young man in safari attire, a strange actress, a crackpot colonel, and a directionally-challenged butler. With a rousing and haunting score by the amazing Bill Francoeur, this campy private eye musical comedy is worth further investigation!

Networking Events

API will be holding its first networking social on Thursday, February 16th at 1933. The event starts at 5:30 pm and all API members and non-members are invited. API would like to thank Enterprise Car and Truck Rental and NuWave Industries for sponsoring this event. We look forward to seeing everyone there!

2017 API SOCIAL

Please come join the API for drinks, food and networking February 16th at 1933. Doors open at 5:30 and event last until 9:00pm. Event sponsored by Enterprise Truck Rental and NuWave Industries.

Please RSVP to chad.horton@tigerhd.com or Bryce.horton@bakerhughes.com

San Joaquin Valley Chapter

Dear Student Applicant,

The American Petroleum Institute San Joaquin Valley Chapter awards scholarships to young men and women who wish to pursue a career in the petroleum industry or a closely related field. These scholarships are awarded to hard working, dedicated and deserving students who are graduating high school seniors who will be attending college in the fall. When submitting your applications for consideration, we expect students to be straightforward and sincere.

PLEASE SUBMIT THE FOLLOWING:

1. Scholarship Application Data Sheet (attached): You may organize the information required on the Data Sheet in resume form if you wish.
2. Letters of Recommendation: A minimum of two and a maximum of three **recent** letters. A school instructor who is familiar with your current academic accomplishments should submit at least one of these.
3. Academic Transcript: Must be on high school/college/university letterhead. Please submit current or most recent transcript showing courses taken and grades earned during the past two years.
4. Proof of Enrollment: Recipient must be enrolled as a full time student (12 or more credit hours) at an accredited college or university. Proof of enrollment must be received prior to disbursement of scholarship funds but is not required at the time of submittal of the scholarship application.
5. Essay: Please submit a short essay of approximately 500 words for each essay question and 200 words for the informational question that are found later in the application.
6. Email Documents: Applications will be required to be emailed to all committee members. Scan and attach all documents. Transcripts and letters of recommendations can be sent via U.S. Mail if needed. If it is necessary that you need to mail the application, we will accept it, but the preference is by email. For any hardships, please contact the scholarship chair below.

Mike Handren - Scholarship Committee - mhandren@yahoo.com

Brian Burt - Scholarship Committee - burtbw@chevron.com

James McClard - Scholarship Committee – james.mcclard@bakerhughes.com

San Joaquin Valley Chapter

APPLICATION DEADLINE

Applications must be received no later than Friday, March 31, 2017. Post mark dated March 31, 2017, if received by mail to below address. Hand delivered by 4:00 pm to address below. Email by 11:59 pm to email addresses below. Again, email is preferred.

Scholarship recipients will be contacted by Wednesday, May 3rd, 2017 by email.

Scholarship recipients, or their approved proxies, must be present on awards night, Tuesday, June 20, 2017. Information on dinner will follow.

EVALUATION CRITERIA:

1. All information must be complete, accurate, and verifiable.
2. Recipient must be enrolled as a full time student (12 or more credit hours) at an accredited college or university and be a current resident of Kern County or attend a Kern County college or university. Proof of enrollment is required prior to disbursement of funds, but not necessary at the time of scholarship application.
3. The selected essay questions must be addressed completely. The essays will be evaluated on content, grammar, organization and originality.
4. Applications will be evaluated based upon the factors written above as well as current letters of recommendation, academics, community involvement, activities and relation to a member of the SJV Chapter of the API.

Please note: Being directly related to an API member is not necessary to receive an API scholarship, nor does it guarantee you will receive one.

SUBMIT YOUR APPLICATION WITH OFFICIAL TRANSCRIPTS TO:

- Mike Handren - Scholarship Committee - mhandren@yahoo.com
- Brian Burt - Scholarship Committee - burtbw@chevron.com
- James McClard - Scholarship Committee – james.mcclard@bakerhughes.com

Or by USPS mail to:

Mike Handren

12309 Ashentree Lane

Bakersfield, CA 93312

We look forward to receiving your timely application. If you have any questions, please contact one of the committee members via email.

San Joaquin Valley Chapter

Please answer any two of the three essay questions below. Each question should be answered in a short essay of approximately 500 words.

Essay Question # 1:

U.S. energy increases in domestic oil and natural gas production over the past several years were made possible by the safe development of shale and other tight-rock formations using hydraulic fracturing and horizontal drilling. This is seen as the technological engine that's driving the United States toward greater energy security and opening trade avenues for American energy around the world.

What do you believe must be done to balance environmental concerns while allowing continuing expansion of our energy independence?

Essay Question # 2:

As the world watches, tension mounts between Iran and U.N. countries. Most energy economists fear the global impact if even a limited war were to ensue. Conflict between countries competing for a limited supply of oil would divide nations and could send oil prices to yet unseen levels.

Given this scenario, what alternative measures could the U.S. and the U.N. implement to avoid escalation of any future conflicts?

Essay Question # 3:

There is a growing movement in California to eliminate fossil fuels and replace them with renewable sources of energy, because of the fear of anthropogenic climate change.

If it were up to you, what would you recommend as a real workable solution to this perceived problem and why?

Please answer the informational question below with a short essay of approximately 200 words.

Informal Informational Question:

Describe how your course of studies relates to the energy, oil and gas industry and what your role will be after graduation. Explain your intended contributions to our industry.

San Joaquin Valley Chapter

API Website www.apibakersfield.com

Need to pay for your monthly meeting? How about that membership that you've been meaning to renew? Or that event that you're sponsoring...visit the API website! Start paying the easy way with API's Pay Online options.

The website also has a lot of information about our chapter's events. Visit the website today and see what you're missing! Contact Steve Schauer with any comments or issues with the site, steve.schauer@titancoioltools.com.

Newsletter Sponsorship

If you are interested in helping API while advertising your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same ad on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page ads. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to David Budy, dbudy@sentinelpeakresources.com. Graphics can be provided to Ryan Knapp, ryan.j.knapp@erac.com.

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
Full Page	\$200	\$1,400

Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. We want to thank Chevron for being API's first corporate sponsor and look forward to seeing their employees at our future events. There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at apibakersfieldchapter@gmail.com

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$83,000 to 48 Scholarship Recipients in June of 2016 and our goal is to exceed this years' efforts in 2017.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details however, we can contour packages based on your individual or company needs and requirements.

API ticket and event management is an option available to you

⇒ Platinum

⇒ Silver

⇒ Black Gold

⇒ Bronze

API is a recognized 501c3 non-profit organization and your partnership contribution is 100% **tax deductible 95-3086622**. We are committed to investing in the future of our youth, industry, and community; your generosity and support are greatly appreciated!

Please continue to support the American Petroleum Institute, SJVC by attending our monthly meetings, participating in our major events: Golf Tournament, Casino Night, Fall Fun Shoot, Oil Baron's Ball, Networking Socials, sponsorships, volunteering, guest speaking, and etc.

Thank you for making a difference in our community!

(All packages are customizable based on your company preference and requirements)

We get it. Done.™

REPRESENTATIVE CLIENTS

API 2016 Scholarship Recipients

On June 21, API held it's annual Scholarship Dinner and awarded over \$83,000 to 48 recipients! We want to give special thanks to this year's Scholarship Committee; Dan Sliter, James McClard, and Matt Kedzierski for their time and effort going through each application and passing out the scholarships at the dinner. API would like to thank of those who sponsored a family for the dinner. Each recipient was allowed to bring two guests to watch them receive their awards. We also want to thank every one who supports API. Whether it's attending our monthly dinners and purchasing raffle tickets, playing and/or sponsoring our annual golf tournament and Fall Fun Shoot, and donating their time at various events, you all made this possible. Even with a downturn in our local economy, we still exceeded our goal of scholarships. Thank you all!

MAGIC BARREL

Learn about the Petroleum Industry

How do you drill for oil? + What is porosity? + How do you clean up an oil spill? +
Is oil in big pools underground? + What is permeability? + Is it easy to find oil? +
What is oil used for? + How is oil formed?

BRING INDUSTRY TO THE CLASSROOM

Schedule our team of industry professionals to come and answer those as well as other questions with your students through series of interactive, fun, science based demonstrations on the Petroleum Industry.

Contact: Ray Clanton email: ray.clanton@crc.com
Phone: 661-529-4338
