

California Legislative Update

Jen Pitcher

Jenifer Pitcher is the Senior Coordinator for Production in the San Joaquin Valley for the Western States Petroleum Association working specifically on Air, Water and Waste issues as well as Property Tax. She has a Masters degree in Political Science and Sociology and has worked in politics/public relations in the

Bakersfield area since 2009, working for a public relations firm, a Congresswoman, a state Senator, and various campaigns and non-profits. She is an adjunct lecturer of Political Science at Taft College.

A Bakersfield native, Jenifer is very active in the community. She serves on over a dozen boards, including: Kern Citizens for Sustainable Government, the American Cancer Society, Bakersfield College Workability, Greater Bakersfield Chamber of Commerce Government Review Committee, Leadership Bakersfield, Keep Bakersfield Beautiful, Keep California Beautiful, and the Fox Theater Foundation. In her capacity at WSPA, she also serves on the Citizens Advisory Committee for the San Joaquin Valley Air Pollution Control District.

Jenifer has had the honor of receiving several awards, most notably the Keep America Beautiful Young Professional of the Year Award, which is a national award. She is also very active in the Bakersfield North Rotary.

TOPIC: Energy Efficiency in Buildings Located Inside Oil Refineries

Abdel Darwich

March's Technical Speaker is Abdel Darwich. Abdel K. Darwich is an Associate Principal at Guttman and Blaevoet Consulting Engineers in their Sacramento Office. He has about 20 years of experience in the design of HVAC systems for commercial, industrial and health-care projects both in the USA and overseas. He has designed the HVAC systems inside and outside oil refineries for major oil companies including Chevron and Saudi Aramco. Abdel is a strong advocate for green/sustainable design having won two national ASHRAE Technology Awards for innovation in energy efficiency. He has

numerous publications in the ASHRAE journal and other periodicals and was selected as one of the 40 engineers under 40 in 2014.

General Meeting Reservations

Please RSVP to apibakersfieldchapter@gmail.com or Eddie Gutierrez at 661-440-5008 by 4:00 PM the Monday prior to the meeting. Include your dinner choice of steak, chicken, salmon, or vegetarian. It is important that we have an accurate head count with food selections turned in to the Petroleum Club the day before the event. Your timely response ensures appropriate seating is made available and that everyone gets their preferred dinner choice.

Super Prize Raffle

March's General Meeting SUPER Prize valued at over \$200 is sponsored by Kaylene Rossi with Clariant . Tickets can be purchased at the dinner and remember all proceeds from the Super Raffle goes towards the API's General Scholarship Fund! You could be a winner like Ramiro Estenssoro at our February Meeting! Enjoy your \$200 gift card to Dick's Sporting Goods

CHAIRMAN'S CORNER

I want to thank everyone that helped and participated in supporting the Black Gold Production play "Murder Crooked House." I think it was an outstanding play. A special thanks to all of the cast and the crew behind the scenes that made it an enjoyable evening for everyone that attended. I enjoyed our last dinner meeting and received a lot of compliments on how much the guests enjoyed the meeting. They really felt welcomed and had a good time. We will be having a networking social on Thursday March 16th at The Padre Hotel that will be hosted by C&J Energy Services and KVS Transportation. Our next event will be our 68th Annual API Golf Tournament on May 5. We are still looking for teams to sign up and sponsorships are still available. I hope to see as many of you that can make it to our monthly dinner meeting on Tuesday March 21st. Spread the word about our fun organization and help build our member list.

San Joaquin Valley Chapter

Dear Student Applicant,

The American Petroleum Institute San Joaquin Valley Chapter awards scholarships to young men and women who wish to pursue a career in the petroleum industry or a closely related field. These scholarships are awarded to hard working, dedicated and deserving students who are graduating high school seniors who will be attending college in the fall. When submitting your applications for consideration, we expect students to be straightforward and sincere.

PLEASE SUBMIT THE FOLLOWING:

1. Scholarship Application Data Sheet (attached): You may organize the information required on the Data Sheet in resume form if you wish.
2. Letters of Recommendation: A minimum of two and a maximum of three **recent** letters. A school instructor who is familiar with your current academic accomplishments should submit at least one of these.
3. Academic Transcript: Must be on high school/college/university letterhead. Please submit current or most recent transcript showing courses taken and grades earned during the past two years.
4. Proof of Enrollment: Recipient must be enrolled as a full time student (12 or more credit hours) at an accredited college or university. Proof of enrollment must be received prior to disbursement of scholarship funds but is not required at the time of submittal of the scholarship application.
5. Essay: Please submit a short essay of approximately 500 words for each essay question and 200 words for the informational question that are found later in the application.
6. Email Documents: Applications will be required to be emailed to all committee members. Scan and attach all documents. Transcripts and letters of recommendations can be sent via U.S. Mail if needed. If it is necessary that you need to mail the application, we will accept it, but the preference is by email. For any hardships, please contact the scholarship chair below.

Mike Handren - Scholarship Committee - mhandren@yahoo.com

Brian Burt - Scholarship Committee - burtbw@chevron.com

James McClard - Scholarship Committee – james.mcclard@bakerhughes.com

San Joaquin Valley Chapter

APPLICATION DEADLINE

Applications must be received no later than Friday, March 31, 2017. Post mark dated March 31, 2017, if received by mail to below address. Hand delivered by 4:00 pm to address below. Email by 11:59 pm to email addresses below. Again, email is preferred.

Scholarship recipients will be contacted by Wednesday, May 3rd, 2017 by email.

Scholarship recipients, or their approved proxies, must be present on awards night, Tuesday, June 20, 2017. Information on dinner will follow.

EVALUATION CRITERIA:

1. All information must be complete, accurate, and verifiable.
2. Recipient must be enrolled as a full time student (12 or more credit hours) at an accredited college or university and be a current resident of Kern County or attend a Kern County college or university. Proof of enrollment is required prior to disbursement of funds, but not necessary at the time of scholarship application.
3. The selected essay questions must be addressed completely. The essays will be evaluated on content, grammar, organization and originality.
4. Applications will be evaluated based upon the factors written above as well as current letters of recommendation, academics, community involvement, activities and relation to a member of the SJV Chapter of the API.

Please note: Being directly related to an API member is not necessary to receive an API scholarship, nor does it guarantee you will receive one.

SUBMIT YOUR APPLICATION WITH OFFICIAL TRANSCRIPTS TO:

- Mike Handren - Scholarship Committee - mhandren@yahoo.com
- Brian Burt - Scholarship Committee - burtbw@chevron.com
- James McClard - Scholarship Committee – james.mcclard@bakerhughes.com

Or by USPS mail to:

Mike Handren

12309 Ashentree Lane

Bakersfield, CA 93312

We look forward to receiving your timely application. If you have any questions, please contact one of the committee members via email.

San Joaquin Valley Chapter

Please answer any two of the three essay questions below. Each question should be answered in a short essay of approximately 500 words.

Essay Question # 1:

U.S. energy increases in domestic oil and natural gas production over the past several years were made possible by the safe development of shale and other tight-rock formations using hydraulic fracturing and horizontal drilling. This is seen as the technological engine that's driving the United States toward greater energy security and opening trade avenues for American energy around the world.

What do you believe must be done to balance environmental concerns while allowing continuing expansion of our energy independence?

Essay Question # 2:

As the world watches, tension mounts between Iran and U.N. countries. Most energy economists fear the global impact if even a limited war were to ensue. Conflict between countries competing for a limited supply of oil would divide nations and could send oil prices to yet unseen levels.

Given this scenario, what alternative measures could the U.S. and the U.N. implement to avoid escalation of any future conflicts?

Essay Question # 3:

There is a growing movement in California to eliminate fossil fuels and replace them with renewable sources of energy, because of the fear of anthropogenic climate change.

If it were up to you, what would you recommend as a real workable solution to this perceived problem and why?

Please answer the informational question below with a short essay of approximately 200 words.

Informal Informational Question:

Describe how your course of studies relates to the energy, oil and gas industry and what your role will be after graduation. Explain your intended contributions to our industry.

Dear Professional,

We look forward to having you attend the Western Regional Meeting in Bakersfield, California from April 23- April 27, 2017. The event will be held at the Marriott Convention Center in Downtown Bakersfield and is sure to be an event to remember! We will have:

- Engaging Panel Sessions with Valley Executives, Market Leaders, and Regulatory Experts. Leaders from local operators will share their insights, and representatives from the DOGGR, State Water Board, and BLM will headline an exciting Regulatory Panel.
- Over 100 technical papers will be presented ranging in topics from managing drilling fluids to simulating production response in Midway Sunset. Disciplines covered include Drilling, Production, Reservoir, Facilities, Information Technology, and Health and Safety.
- Hand selected Continuing Education covering topics in steam management, water flooding, and artificial lift. Also included are classes on managing change and financial valuation modeling tailored specifically to the O&G industry.
- Keynote address from 2018 SPE President, Darcy Spady.

If you plan on attending the event I encourage you to register sooner rather than later as our [early bird special \(a discount of \\$100\) is in effect until February 25th](#). SPE members will be able to attend the four day conference, exhibition hall, and all networking events for \$300. Non-members are of course welcome, but will be charged an early bird rate of \$400 (also a \$100 discount to the onsite registration fee).

If you have any questions regarding the conference or to register please visit our website www.spewrm.org

Sincerely Yours,

Keith Kostelnik
SJV SPE 2016-2017 Chair
2017 WRM Chair

API Website www.apibakersfield.com

Need to pay for your monthly meeting? How about that membership that you've been meaning to renew? Or that event that you're sponsoring...visit the API website! Start paying the easy way with API's Pay Online options.

The website also has a lot of information about our chapter's events. Visit the website today and see what you're missing! Contact Steve Schauer with any comments or issues with the site, steve.schauer@titancoioltools.com.

Newsletter Sponsorship

If you are interested in helping API while advertising your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same ad on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page ads. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to David Budy, dbudy@sentinelpeakresources.com. Graphics can be provided to Gary Watts, gary@norcalpipe.com.

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
Full Page	\$200	\$1,400

Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. We want to thank Chevron for being API's first corporate sponsor and look forward to seeing their employees at our future events. There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at apibakersfieldchapter@gmail.com

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$83,000 to 48 Scholarship Recipients in June of 2016 and our goal is to exceed this years' efforts in 2017.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details however, we can contour packages based on your individual or company needs and requirements.

API ticket and event management is an option available to you

⇒ Platinum

⇒ Silver

⇒ Black Gold

⇒ Bronze

API is a recognized 501c3 non-profit organization and your partnership contribution is 100% **tax deductible 95-3086622**. We are committed to investing in the future of our youth, industry, and community; your generosity and support are greatly appreciated!

Please continue to support the American Petroleum Institute, SJVC by attending our monthly meetings, participating in our major events: Golf Tournament, Casino Night, Fall Fun Shoot, Oil Baron's Ball, Networking Socials, sponsorships, volunteering, guest speaking, and etc.

Thank you for making a difference in our community!

(All packages are customizable based on your company preference and requirements)

REPRESENTATIVE
CLIENTS

API 2016 Scholarship Recipients

On June 21, API held it's annual Scholarship Dinner and awarded over \$83,000 to 48 recipients! We want to give special thanks to this year's Scholarship Committee; Dan Sliter, James McClard, and Matt Kedzierski for their time and effort going through each application and passing out the scholarships at the dinner. API would like to thank of those who sponsored a family for the dinner. Each recipient was allowed to bring two guests to watch them receive their awards. We also want to thank every one who supports API. Whether it's attending our monthly dinners and purchasing raffle tickets, playing and/or sponsoring our annual golf tournament and Fall Fun Shoot, and donating their time at various events, you all made this possible. Even with a downturn in our local economy, we still exceeded our goal of scholarships. Thank you all!

2017 API Board

MAGIC BARREL

Learn about the Petroleum Industry

How do you drill for oil? + What is porosity? + How do you clean up an oil spill? +
Is oil in big pools underground? + What is permeability? + Is it easy to find oil? +
What is oil used for? + How is oil formed?

BRING INDUSTRY TO THE CLASSROOM

Schedule our team of industry professionals to come and answer those as well as other questions with your students through series of interactive, fun, science based demonstrations on the Petroleum Industry.
