

## Topic: "Washington D.C. Update"

David Valadao

Congressman David G. Valadao was born and raised in Hanford, California in the center of the agriculturally rich Twenty First Congressional District. As a lifelong resident of the Central Valley, he has been active in agriculture and dairy industry groups, as well as many local causes including Children's Hospital Central California, 4-H, Future Farmers of America, and various Catholic charities. The Valadao family emigrated from the Azores Islands of Portugal to the United States in 1969. After settling in the Central Valley, Valadao's father started a small dairy farm in the Central Valley in 1973. Valadao was born on April 14, 1977. The family business now consists of two dairies, as well as over 1,000 acres of farmland in Kings and western Tulare County, on which Valadao and his family grow alfalfa, corn, and wheat as dairy feed stock. Intimately involved in the dairy industry, Valadao has taken on leadership roles within the California Milk Advisory

Board, and Western States Dairy Trade Association. In addition, he was elected as Regional Leadership Council Chairman for Land O' Lakes, Inc.

Valadao attended local schools, graduating from Hanford High School in 1995 and later attended the College of the Sequoias in Visalia. He is currently a partner at Valadao Dairy and Triple V Dairy. Valadao married his high school sweetheart, Terra, in 1999. Together, they have three beautiful children. In 2010, Valadao was elected to represent California's 30th State Assembly District. Valadao served on several California Assembly Committees including the Agriculture Committee, where he held the position of Committee Vice-Chair. In 2012, Valadao was elected to represent California's 21st Congressional District, which includes Kings County and portions of Fresno, Kern, and Tulare Counties. He was reelected for his second term in November 2014. Most recently, in November 2016, Valadao was elected to serve a third term in the United States House of Representatives. Valadao is proud to serve on the influential House Appropriations Committee, which is the committee responsible for funding the federal government and determining where American tax dollars are spent.

Valadao serves on the Agriculture Subcommittee, the Military Construction and Veterans Affairs Subcommittees, and the Transportation, Housing, and Urban Development Subcommittee. Since he came to Congress, Valadao has established himself as a leader in agriculture and water policy, two important issues for his constituents in CA-21. His time in Congress has been focused on combating the water issues impacting California's Central Valley. In the 114<sup>th</sup> Congress, Valadao introduced H.R. 2829, the *Western Water and American Food Security Act of 2015*, to address the regulatory burdens that have largely contributed to the severe drought conditions in Central and Southern California. Valadao aims to ensure Congress does everything in their power to provide relief for the farmers, families, and entire communities suffering from the current water crisis. This Congress, Valadao has introduced H.R. 23, the *Gaining Responsibility on Water Act* to improve Western water reliability in the United States.

Valadao's work on the Military Construction and Veterans Affairs Committee has fostered his interest in ensuring our active duty military members have the tools and services they need to defend our nation and keep Americans safe. Valadao worked hard to ensure Naval Air Station Lemoore was named the location for the U.S. Navy's Pacific Fleet of the F-35C aircraft. Valadao is also dedicated to keeping our promises to our nation's veterans by making sure those who served our country are taken care of in their retirement years and receive the best quality healthcare available.

**General Meeting:**  
Tuesday, August 15, 2017

**Guest Speaker:**  
Congressman  
David Valadao

**Location:**  
Bakersfield Petroleum Club  
5060 California Ave. 12th Floor  
Bakersfield, CA

\$30.00 w/ RSVP

\$35.00 At The Door

**Super Prize Sponsor:**  
Jennifer Pitcher  
WSPA

### Topic – ISOClean Certified Lubricants - Chevron

“Particle Contamination, how improving your lubricants condition can impact your bottom line?” Discussion will be about the solution of Chevron ISOClean Lubricants as a business case for dealing with Particle Contamination and improvements it can provide. Zach Sutton is a graduate of California State University, Fresno. Zach is a Business Consultant with Chevron Lubricants overseeing the Central Valley and Central Coast markets for Chevron. He has achieved an Oil Monitoring Analysis 1 certification with the STLE and has had an extensive work experience in the tire industry with Michelin North America for 8 years with a background in commercial on highway and earthmoving segments.

---

### General Meeting Reservations:

Please RSVP to [apibakersfieldchapter@gmail.com](mailto:apibakersfieldchapter@gmail.com) or Eddie Gutierrez at 661-440-5008 by 4:00 PM the Monday prior to the meeting. Include your dinner choice of steak, chicken, salmon, or vegetarian. It is important that we have an accurate head count with food selections turned in to the Petroleum Club the day before the event. Your timely response ensures appropriate seating is made available and that everyone gets their preferred dinner choice.

---

### Super Prize Raffle:

August's General Meeting SUPER Prize valued at over \$200 is sponsored by Jennifer Pitcher with WSPA. Tickets can be purchased at the dinner and remember all proceeds from the Super Raffle goes towards the API's General Scholarship Fund! You could be a winner like Ryan Knapp at our July Meeting! Enjoy your Yeti Cooler!

# Annual Oil Can Do It

+

# Food Drive

The API is helping to re-stock the shelves for the Golden Empire Gleaners.

API is competing against teams from Aera, CRC and Chevron.

Bring any non-perishable food to the API meeting on August 15.

Every 5 lbs. donated gets you a free raffle ticket in the general raffle.

Cash donations also welcome.

with questions.

## Chairman's Corner

Welcome to August Everyone. Let's hope it's cooler than July was! There are a few things that the API needs your help with this month.

The first thing is our annual "Oil Can Do It" food drive for the Gleaners so they can restock their shelves. The API is putting labeled drop boxes at different locations for you to put non-perishable foods in. You can find the locations for the drop boxes at; [www.apibakersfieldchapter.com](http://www.apibakersfieldchapter.com). If you have 20lbs or more, and can't make it to a Drop Box, get in contact with me and I'll be glad to pick it up. You may donate cash, check or Credit Card. \$1.00 = 2 lbs of food. Your API Bakersfield is in competition with Aera, California Resources Company and Chevron. We would like to beat at least one of these companies, but I figure if we can beat one, why not all three! You can also bring food to the August General Meeting and receive a Raffle Ticket for the General Raffle. This is for a great cause and the Gleaners desperately need your help. We have more families and homeless people than we have ever had and this means we need more help feeding them. Please help your API-SJV Chapter.

The Second thing is the API Fall Fun Shoot. This year's event will be on October 6, 2017. You can register your team on the API Website: [www.apibakersfieldchapter.com](http://www.apibakersfieldchapter.com)

The Third thing is this year's API Oil Baron's Ball. It will be held at the Double Tree by Hilton on November 11, 2017. This year's theme is "Cinderella". Spread the word so the Ladies can get there gowns in time for this great event. You can also pay for your tickets on the API Website: [www.apibakersfieldchapter.com](http://www.apibakersfieldchapter.com).

The last thing that I have is the RSVP for Dinner Reservations. Please RSVP and pay on-line prior to Monday at noon before the meeting. This will put your name into the raffle drawing and keep you from paying \$35.00 for Dinner at the Door. If you have a problem paying on-line, please let David Buddy or myself know. Both of our information is on the bottom of the last page of the API Newsletter.

If I can be of assistance to any API needs, please contact me. I hope to see you all at our August 15<sup>th</sup> General Meeting.

Jimmy Dean  
API 2017 Chairman  
(661) 472-3438  
[jimmyedean@outlook.com](mailto:jimmyedean@outlook.com)

## **Announcing the Joint August Networking Bash San Joaquin Valley Sections of API and SPE**

**Sponsored by:**

**Thursday, August 24th, 2017  
5:30 to 7:30 pm  
at**

**Lengthwise Brewery “The Pub” Northwest  
2900 Calloway**

Networking bashes are held monthly as a service to our members. This is a great opportunity to come out and meet people from all areas of our industry in a social setting.

Our sponsor generously provides appetizers for your enjoyment while you are meeting new people or visiting with a longtime colleague.

Non-members guests are always welcome to attend.

**[RSVP for an entry into the raffle!](#)**

RSVP to Bryce Horton or Chad Horton  
[Bryce.horton@bakerhughes.com](mailto:Bryce.horton@bakerhughes.com) [Chad.horton@tigerhd.com](mailto:Chad.horton@tigerhd.com)

The **Offshore Energy Center** is dedicated to expand the awareness of the vast energy resources beneath the world's oceans, and to chronicle the unique heritage and technological accomplishments of the industry that discovers, produces, and delivers these resources in a safe and environmentally responsible way.

The objectives of this mission statement are being met through a three-fold plan developed by the Center:

**Ocean Star Offshore Drilling Rig & Museum.** Visitors to the Ocean Star Offshore Drilling Rig & Museum enjoy experiencing the offshore industry first-hand on an actual retired jack-up drilling rig. The museum features three floors of models and interactive displays illustrating the exciting story of offshore oil and gas from seismic technology and exploration and production to pipelining and marine transportation.

**Hall of Fame.** The Hall of Fame recognizes those persons and technologies that took the industry to sea. Our Pioneers are individuals who distinguish themselves and become the character of the industry through their vision, drive, innovation, and leadership. The Hall of Fame also honors the individuals and companies that contributed to the development of the technologies. Additionally, in 2000, the Pinnacle Award was established to honor contemporary individuals for their contributions and inspirational leadership to the offshore industry.

**Education Outreach Programs.** Through the Education Outreach Programs, the Offshore Energy Center is committed to promoting awareness and understanding of offshore energy among students and educators. Through teacher workshops, field trips, traveling exhibits, and curriculum materials, existing knowledge is enhanced with information about offshore oil and gas and an awareness of offshore energy's high technology is supported. Additionally, the program is designed to develop an understanding of offshore energy's contribution to the environment and our quality of life.

The **Offshore Energy Center** is based in Houston, the world's energy capital. The **Ocean Star Offshore Drilling Rig & Museum** is docked at Pier 19 in Galveston, less than an hour from downtown Houston, which makes it a wonderful showcase in a perfect location for an "offshore" experience.

**CONTACT ADDRESS:**

## Mark Your Calendars – 2017 Kern Energy Festival

You won't want to miss the 2017 Kern Energy Festival, an event celebrating our industry and educating the public on the positive impacts energy has on Kern County's local economy. This year's festival will be held November 11, 2017, at the Kern County Museum.

More than 2500 people attended the inaugural Kern Energy Festival. The interactive and fun event was born from a desire to educate the community on local energy production in a celebration with food and drinks, fun activities, attractions, and exhibits for all ages.

All net proceeds go to educational charities to preserve learning for future generations.

Sponsorship opportunities are available. Click [here](#) to learn more.

**WHEN:**

November 11, 2017

10 a.m. – 3 p.m.

**WHERE:**

Kern County Museum

3801 Chester Avenue

Bakersfield, CA

More information is available at [www.KernEnergyFestival.com](http://www.KernEnergyFestival.com)

Keep updated about the event by liking the [Kern Energy Festival's Facebook page](#).

## **Powering Our Economy, Empowering Education.**

K-COCA is an organization that is dedicated to providing educational incentives, opportunities, and assistance to Kern County high school students who have demonstrated an interest in pursuing higher academic learning after completing high school, and for those who have an interest in, or a connection to, the oil & gas, agriculture, construction, utility and energy industries. The K-COCA Scholarship Committee seeks to help fund and support qualified students by helping to fill the unmet financial needs of students pursuing educational opportunities at accredited colleges, universities and technical institutions.

K-COCA seeks to assist local students who plan to remain in, or return to, Kern County after completing their post-secondary education because K-COCA recognizes that the continued education of our youth benefits our entire community.

-Robin Brassfield-Cooper

Owner of Robin's EnviroVac & Founder of K-COCA

[www.k-coca.com](http://www.k-coca.com) <http://robinsenvirovac.com/index.php>

[robinsenvirovac@bak.rr.com](mailto:robinsenvirovac@bak.rr.com) (661) 747-6462

Robin's EnviroVac is a Bakersfield Certified Woman-Owned Business serving Oil & Gas, Agriculture, Energy Utility and Construction industries. We provide a variety of environmental and industrial maintenance services to companies and government services throughout California.

Robin's EnviroVac was founded in 1999 by a then 30-year Kern County oil industry veteran. Robin Brassfield-Cooper focused on providing outstanding customer service, honest communication, and exceptional employee relations to expand operations. The company is now a vertically-integrated, full-service operation handling everything from emergency spills to routine industrial maintenance.

[RobinsEnviroVac.com](http://RobinsEnviroVac.com)

## API Website [www.apibakersfield.com](http://www.apibakersfield.com)

Need to pay for your monthly meeting? How about that membership that you've been meaning to renew? Or that event that you're sponsoring...visit the API website! Start paying the easy way with API's Pay Online options.

The website also has a lot of information about our chapter's events. Visit the website today and see what you're missing! Contact Steve Schauer with any comments or issues with the site, [steve.schauer@titancoioltools.com](mailto:steve.schauer@titancoioltools.com).

## Newsletter Sponsorship

If you are interested in helping API while advertising your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same ad on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page ads. All options are available for a single month or for the entire calendar year.

Payments can be made online at [www.apibakersfield.com](http://www.apibakersfield.com) or by providing payment to David Budy, [dbudy@sentinelpeakresources.com](mailto:dbudy@sentinelpeakresources.com). Graphics can be provided to Gary Watts, [gary@norcalpipe.com](mailto:gary@norcalpipe.com).

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
Full Page	\$200	\$1,400

## Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. We want to thank Chevron for being API's first corporate sponsor and look forward to seeing their employees at our future events. There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at [apibakersfieldchapter@gmail.com](mailto:apibakersfieldchapter@gmail.com)

---

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$83,000 to 48 Scholarship Recipients in June of 2016 and our goal is to exceed this years' efforts in 2017.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details however, we can contour packages based on your individual or company needs and requirements.

**API ticket and event management is an option available to you**

⇒ Platinum

⇒ Silver

⇒ Black Gold

⇒ Bronze

API is a recognized 501c3 non-profit organization and your partnership contribution is 100% **tax deductible 95-3086622**. We are committed to investing in the future of our youth, industry, and community; your generosity and support are greatly appreciated!

Please continue to support the American Petroleum Institute, SJVC by attending our monthly meetings, participating in our major events: Golf Tournament, Casino Night, Fall Fun Shoot, Oil Baron's Ball, Networking Socials, sponsorships, volunteering, guest speaking, and etc.

Thank you for making a difference in our community!

**(All packages are customizable based on your company preference and requirements)**

## 2017 API Board

# MAGIC BARREL

## Learn about the Petroleum Industry

How do you drill for oil? + What is porosity? + How do you clean up an oil spill? +  
Is oil in big pools underground? + What is permeability? + Is it easy to find oil? +  
What is oil used for? + How is oil formed?

### BRING INDUSTRY TO THE CLASSROOM

Schedule our team of industry professionals to come and answer those as well as other questions with your students through series of interactive, fun, science based demonstrations on the Petroleum Industry.
