

Willie Rivera

Topic: "Director of Regulatory Affairs California Independent Petroleum Association"

Willie Rivera, director of regulatory affairs, joined CIPA in March 2016. CIPA created this new role to manage the increasingly complex regulatory requirements imposed on the oil and gas industry. In this role, Rivera is responsible for the management of local, state and federal regulatory issues and developing relationships with government officials.

He also serves as a councilmember for the city of Bakersfield, representing Ward 1. Willie has served in this role since June 2013, when he became the youngest elected councilmember in city history. He is the chair of the city's Budget and Finance Committee and a member of the Safe Neighborhoods Committee, Community Services Committee and the Joint City-County Standing Committee to Combat Gang Violence. Most recently, Willie was Regional Manager for Corporation for Better Housing Property Management. He also has legislative experience serving as a staff member in various roles for Assembly member Rudy Salas and former California State Senator Michael Rubio.

In addition, Willie is active in his community by volunteering for a number of local non-profits, including serving as a board member for Foundations for Success and Kern County Homeless Collaborative.

He graduated with a Bachelor of Arts degree in political science from California State University, Sacramento.

General Meeting:
Tuesday, January 16, 2018

Guest Speaker:

Willie Rivera

Technical Speaker:
Jason Price

Location:
Bakersfield Petroleum Club
5060 California Ave. 12th Floor

Jason Price

Topic – “API Supply Chain Standards ”

API Sub Committee 20 with specific focus on API 20E Bolting in upcoming API product standards and regulatory focus on critical bolting connections.

Bio: Began career with the Fastenal organization 15 years ago after attending Louisiana State University. Current role within Fastenal’s Manufacturing & Engineering Division with focus on hi-integrity bolting for the Oil & Gas industry. Voting member of API 20 on Supply Chain Standards including subcommittees 20E, 20F, 20J, 20M, & 20P, Association of Wellhead Equipment Manufacturers, & BSEE Multi-Segment Task Group on Bolting Failures.

General Meeting Reservations:

Please RSVP to apibakersfieldchapter@gmail.com or Eddie Gutierrez at 661-440-5008 by 4:00 PM the Monday prior to the meeting. Include your dinner choice of steak, chicken, salmon, or vegetarian. It is important that we have an accurate head count with food selections turned in to the Petroleum Club the day before the event. Your timely response ensures appropriate seating is made available and that everyone gets their preferred dinner choice.

Super Prize Raffle:

January’s General Meeting SUPER Prize valued at over \$200 is sponsored by Eddie Gutierrez with MRC Global. Tickets can be purchased at the dinner and remember all proceeds from the Super Raffle goes towards the API’s General Scholarship Fund! We encourage you to participate you could be a lucky winner.

Pirates are coming in March!

Black Gold's 2018 show, "**A Pirate's Life for Me**" is coming in March 2018. Tickets are available from board members or online at www.bgp-show.com. This promises to be a very fun show for the entire family, so get on board to support the Kern County Cancer Fund and the API Scholarship Fund and have a good time while doing it!

There are sponsorship opportunities to help us in our fight against cancer, and incentives for the sponsors that include recognition and tickets to the show. If you are interested in becoming one of our sponsors, please contact Mike Handren at mhandren@yahoo.com, or (661) 330-0423, and be sure to leave a message.

The story in brief:

Get your peg leg tappin' to this eclectic score of rollicking sea shanties and contemporary styles. Aristocrat Roger Goodman has his heart set on a conventional life married to the wealthy Sarah Huffington and living happily ever after. That is, until he finds out she thinks he's boring and would rather marry a brave and adventurous pirate! Determined to prove himself to his beloved, Roger hires Long John Sliver to tutor him and his newly recruited motley crew in the field of piracy. In exchange for his total pirate makeover (which includes the fearsome new name, Captain Blood!), Roger and his crew sail to Treasure Island seeking the chests of gold doubloons Long John buried there long ago. Meanwhile, Sarah knows there's only one way to win the affections of a true pirate. She dubs herself the Pirate Queen and sets sail with her own crew of lady pirates. With messages in bottles that spread rumors faster than email, Captain Blood and the Pirate Queen learn of each other's formidable reputations, not knowing, of course, each other's true identity. When Sarah gets the message that Captain Blood is holding her parents captive on Treasure Island, you can guess where the lady pirates are headed next! But Bluebeard, a true pirate now retired and desiring nothing more than a chance to enjoy lounging in his beach chair, already occupies the island and is "livin' the good life" with his crew. Treasure Island is soon swimming with retired pirates, lady pirates, and other pirate wannabes, including one character who thinks he's a parrot.

When: The show dates are March 9, 10, 16, 17 at 7 pm and a matinee on March 11 at 2 pm.

Doors open at 6:00 pm for the 7:00 pm shows.

Doors open at 1:30 pm for the 2 pm show.

Where: Women's Club of Bakersfield

2030 18th Street, Downtown Bakersfield

Cost: Show tickets are \$20 for the evening shows and \$15 for the Sunday matinee. All proceeds benefit the Kern County Cancer Fund.

Concessions: Hot dogs, Nachos, Frito Boats w/ chili, candy, soda, water available for purchase

Coffee provided free

HOLIDAY LIGHTS AT CALM:

On Dec 18 the Bakersfield API Chapter had 20 volunteers helping at the California Living Museum (CALM) for their Holiday Light Show. The volunteers helped customers navigate the grounds to view the spectacular lights and animals. Children were able to sit on Santa's lap and ride the train. We are already looking forward to next years exhibit!

Chairman's Message

Happy New Year and welcome to 2018! We have been through three and a half years of downturn in the oil industry and are starting to see a bit of a turnaround. We have seen some changes in the last few years, with transformations at some companies, the disappearance of at least one company, and the emergence of a new player in the SJV. Through all of this period of change, the SJV Chapter of the API has been a constant, as we have continued to meet our charter during good times and not-so-good times. We have made adjustments to our events as we had to, and were still able to award \$42,000 in scholarships last year. We appreciate the great support of our members that enabled us to do this, even during the less-than-great times in the business.

We are planning to have an even better year with our API SJV Chapter events this year, and are looking forward to seeing all of you at our meetings and events. I think that since this is the time when everybody makes new year's resolutions, it would be great if everybody that is reading this resolve to attend our general meetings on the third Tuesday of every month. As part of that resolution, you should resolve to bring along a guest or two to acquaint them with the API and the great networking opportunity our monthly meetings provide. Let's get back to busting the seams at the Petroleum Club like we used to do.

The first event is our January General Meeting at the Petroleum Club on January 16, 2018. We will have Willie Rivera of CIPA speaking after dinner. He is always engaging and informative, so you won't want to miss this meeting. Besides a delicious meal at the Petroleum Club and the opportunity to hear Willie, you will get to meet up with a bunch of your compadres that you may have missed during the holidays. You can RSVP and pay for the meeting at our website here: <http://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>.

There are many events coming in the months ahead and you can keep up with them in our newsletter and on our website. Please remember to join up for the coming year so you won't miss out on anything. You can do it quickly and easily right here: <http://www.apibakersfield.com/pay-online/2015-membership-application/>.

I am looking forward to an exciting and eventful year for the API, and especially to seeing all of you again at our meetings. We are planning to have some very good speakers at our upcoming meetings that I know you will like to hear and enjoy talking with before and after the meeting. Let's start it off right by getting those RSVPs in and packing the house for our January meeting!

Until next month,

Mike Handren

The **Offshore Energy Center** is dedicated to expand the awareness of the vast energy resources beneath the world's oceans, and to chronicle the unique heritage and technological accomplishments of the industry that discovers, produces, and delivers these resources in a safe and environmentally responsible way.

The objectives of this mission statement are being met through a three-fold plan developed by the Center:

Ocean Star Offshore Drilling Rig & Museum. Visitors to the Ocean Star Offshore Drilling Rig & Museum enjoy experiencing the offshore industry first-hand on an actual retired jack-up drilling rig. The museum features three floors of models and interactive displays illustrating the exciting story of offshore oil and gas from seismic technology and exploration and production to pipelining and marine transportation.

Hall of Fame. The Hall of Fame recognizes those persons and technologies that took the industry to sea. Our Pioneers are individuals who distinguish themselves and become the character of the industry through their vision, drive, innovation, and leadership. The Hall of Fame also honors the individuals and companies that contributed to the development of the technologies. Additionally, in 2000, the Pinnacle Award was established to honor contemporary individuals for their contributions and inspirational leadership to the offshore industry.

Education Outreach Programs. Through the Education Outreach Programs, the Offshore Energy Center is committed to promoting awareness and understanding of offshore energy among students and educators. Through teacher workshops, field trips, traveling exhibits, and curriculum materials, existing knowledge is enhanced with information about offshore oil and gas and an awareness of offshore energy's high technology is supported. Additionally, the program is designed to develop an understanding of offshore energy's contribution to the environment and our quality of life.

The **Offshore Energy Center** is based in Houston, the world's energy capital. The **Ocean Star Offshore Drilling Rig & Museum** is docked at Pier 19 in Galveston, less than an hour from downtown Houston, which makes it a wonderful showcase in a perfect location for an "offshore" experience.

Powering Our Economy, Empowering Education.

K-COCA is an organization that is dedicated to providing educational incentives, opportunities, and assistance to Kern County high school students who have demonstrated an interest in pursuing higher academic learning after completing high school, and for those who have an interest in, or a connection to, the oil & gas, agriculture, construction, utility and energy industries. The K-COCA Scholarship Committee seeks to help fund and support qualified students by helping to fill the unmet financial needs of students pursuing educational opportunities at accredited colleges, universities and technical institutions.

K-COCA seeks to assist local students who plan to remain in, or return to, Kern County after completing their post-secondary education because K-COCA recognizes that the continued education of our youth benefits our entire community.

-Robin Brassfield-Cooper

Owner of Robin's EnviroVac & Founder of K-COCA

www.k-coca.com <http://robinsenvirovac.com/index.php>

robinsenvirovac@bak.rr.com (661) 747-6462

Robin's EnviroVac is a Bakersfield Certified Woman-Owned Business serving Oil & Gas, Agriculture, Energy Utility and Construction industries. We provide a variety of environmental and industrial maintenance services to companies and government services throughout California.

Robin's EnviroVac was founded in 1999 by a then 30-year Kern County oil industry veteran. Robin Brassfield-Cooper focused on providing outstanding customer service, honest communication, and exceptional employee relations to expand operations. The company is now a vertically-integrated, full-service operation handling everything from emergency spills to routine industrial maintenance.

Need to pay for your monthly meeting? How about that membership that you've been meaning to renew? Or that event that you're sponsoring...visit the API website! Start paying the easy way with API's Pay Online options.

The website also has a lot of information about our chapter's events. Visit the website today and see what you're missing! Contact Steve Schauer with any comments or issues with the site, steve.schauer@titancoioltools.com.

Newsletter Sponsorship

If you are interested in helping API while advertising your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same ad on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page ads. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to David Budy, dbudy@sentinelpeakresources.com. Graphics can be provided to Gary Watts, gary@norcalpipe.com.

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
Full Page	\$200	\$1,400

Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. We want to thank Chevron for being API's first corporate sponsor and look forward to seeing their employees at our future events. There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at apibakersfieldchapter@gmail.com

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$42,000 to 23 Scholarship Recipients in June of 2017 and our goal is to exceed last years' efforts in 2018.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details however, we can contour packages based on your individual or company needs and requirements.

API ticket and event management is an option available to you

⇒ Platinum

⇒ Silver

⇒ Black Gold

⇒ Bronze

API is a recognized 501c3 non-profit organization and your partnership contribution is 100% **tax deductible 95-3086622**. We are committed to investing in the future of our youth, industry, and community; your generosity and support are greatly appreciated!

Please continue to support the American Petroleum Institute, SJVC by attending our monthly meetings, participating in our major events: Golf Tournament, Casino Night, Fall Fun Shoot, Oil Baron's Ball, Networking Socials, sponsorships, volunteering, guest speaking, and etc.

Thank you for making a difference in our community!

Learn about the Petroleum Industry

How do you drill for oil? + What is porosity? + How do you clean up an oil spill? +
Is oil in big pools underground? + What is permeability? + Is it easy to find oil? +
What is oil used for? + How is oil formed?

BRING INDUSTRY TO THE CLASSROOM

Schedule our team of industry professionals to come and answer those as well as other questions with your students through series of interactive, fun, science based demonstrations on the Petroleum Industry.
