

Topic: Gas Well Deliquification**Ray Clanton****Presentation Description:**

Gas wells can become loaded with fluid and quit flowing. This fluid can be difficult to remove. We will discuss flowing tree design, pressure concepts, liquid loading, chokes, shut in problems, and water blocks. Completion topics include where to place the tubing tail or packer, and TCP versus wireline perforating. Troubleshooting gas wells can be tricky and it pays to have a good operator to experiment with low cost solutions before engineers run Nodal

Analysis and place the well on lift. Some low-cost solutions include extended shut ins, batch or continuous soaping, siphon strings, swabbing and surface compression.

Ray Clanton (LinkedIn) is the owner of Petroleum Engineering Services LLC. He has over 34 years of Production, reservoir, and drilling experience for Getty, Texaco, BLM, Bechtel, Aera Energy and most recently, California Resources Corporation at the Elk Hills Field, CA. Ray has worked on conventional and unconventional reservoirs including deep high temperature, high pressure (HPHT) wells, low pressure gas sands, heavy oil, and the Monterey shale. His experience includes fracturing, high rate gravel packing for sand control, artificial lift design, diatomite steamflooding, CO2 and water injection, and shale acidizing using fiber optics and diverters (2006 meritorious Award for engineering innovation). Ray is a registered Professional engineer in California and Wyoming. He holds a BS in Petroleum engineering from the University of Wyoming, and an MBA from Cal State Bakersfield. Ray is a lecturer in production engineering at Cal State Bakersfield and has guest lectured at USC School of Petroleum Engineering.

Please RSVP by 4:00 PM the Thursday prior to the meeting here: <https://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

General Meetings

General Meetings are held on the third Tuesday of each month (January through October) at the 1933 Prohibition Room in Bakersfield, 7900 Downing Avenue. Social Session starts at 6:00 PM, Technical Session starts at 6:30 p.m., and the Dinner Session starts at 7:00 p.m.

Dinners are \$30 for pre-paid RSVPs and \$35 at the door. We may have very limited seating for those who do not RSVP. We ask that you RSVP by 5:00 PM on **Thursday September 12, 2019** and prepay for your dinner on our website at:

<http://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

Your payment is your RSVP. If you cannot prepay online, please contact David Budy for another prepay option. Those who pre-pay either way are eligible for the door prizes following the guest speaker's presentation. In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please check the appropriate menu selection when you are on the payment page.

Honorary Lifetime Members may RSVP to: apibakersfieldchapter@gmail.com with your choice of menu option.

Super Prize Raffle:

September's General Meeting has a SUPER Prize valued at over \$200. It is sponsored by Jim Roberts of Global Elastomeric Products. Tickets can be purchased at the dinner or online when you RSVP at our website here:

<https://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

All the proceeds from the Super Raffle this month go towards our scholarship fund. Our super prize winner at the October meeting was Linda Corona who won the Yeti 45 cooler which was provided by Russell Thibodeaux of Key Energy Services

California Professional Geologist #9689

SANDE OIL FIELD GEOLOGY

A Message From The Chairman

As we approach the end of the meeting year for the SJV Chapter of API, I can say that we have had a great year. We have had great attendance at our monthly meetings and all of our fund-raising events. With your generous support we awarded \$100,000 in scholarships this year and had a lot of fun doing it. The golf tournament and the Fall Fun Shoot were both sold out. Many thanks go to the chairman of both events, Jim Roberts, and all of the volunteers that make it work on the days of the events!

We are still in the event mode with the Annual Oil Baron's Ball coming up on November 2, 2019, and we are still accepting votes for the Baron and Baroness until October 15. If you haven't voted yet, please do it soon so that we can tally the votes and name the new Baron and Baroness at the ball. If you haven't yet bought your tickets, you can do it here: [2019 Oil Baron's Ball - EnergyAPI - San](#)

[Joaquin Valley Chapter](#). There is a flyer with more information and there is also a list of nominees for the Oil Baron and Baroness included later in the newsletter, so check it out. I look forward to seeing all of you all dressed up for the annual party.

We have our regular monthly meeting coming up on September 15, 2019. This month we have Ray Clanton in his new role as owner of Petroleum Engineering Services, LLC speaking about gas well deliquification. He promises to make an informative and lively presentation. So make your reservations to attend the October meeting here: <https://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>. This will be our last general meeting of the year, so come out and join us for socializing, networking and learning.

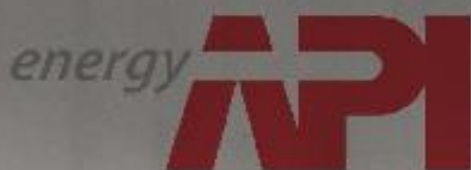

I love to hear your feedback. Please feel free to call or email your comments or suggestions to (661) 330-0423, mhandren@yahoo.com, or apibakersfieldchapter@gmail.com.

I look forward to seeing you all at the October Meeting!

Mike Handren

Who are the 2019 Oil Baron and Baroness?

The 35th Annual Oil Baron's Ball is coming on Saturday, November 2, 2019 and we need someone to succeed the outgoing 2018 Baron and Baroness, Shawn Kerns and Jenifer Pitcher, as the incoming 2019 Baron and Baroness.

Here are the nominees for the 2019 Oil Baron and Baroness:

The nominees for Oil Baron are:

1. Brian Burt
2. Eddie Gutierrez
3. Tim Maples
4. James McClard

The nominees for Oil Baroness are:

1. Kristen Krafthefer
2. Marla Maples
3. Linda McClard

Please cast one vote each for the Oil Baron and Oil Baroness by email to:

mhandren@yahoo.com.

Voting ends on October 15, 2019. Votes received after that date will not be counted.

Thank you for your help in selecting our new industry icons! We are looking forward to the upcoming ball and announcing the 2019 Baron and Baroness. If you want to find out who they are make your reservations now at [2019 Oil Baron's Ball](#).

Oil Did It Once Again In 2019

Oil Can Do It 2019 Results

Led by the team from Chevron, the oil Industry collected 340,228 pounds of food for the Golden Empire Gleaners this year. Your API Team finished in a solid fourth position. Thank you to all the participants and API members who contributed to the cause. The results are shown below.

Chevron – 168,296 pounds
California Resources Corp – 80,428 pounds
Aera Energy – 52,167 pounds
API affiliates– 39,337 pounds

The API donated money from the monthly meeting super prize raffles in July, August, and September and coordinated donations from 26 participating companies.

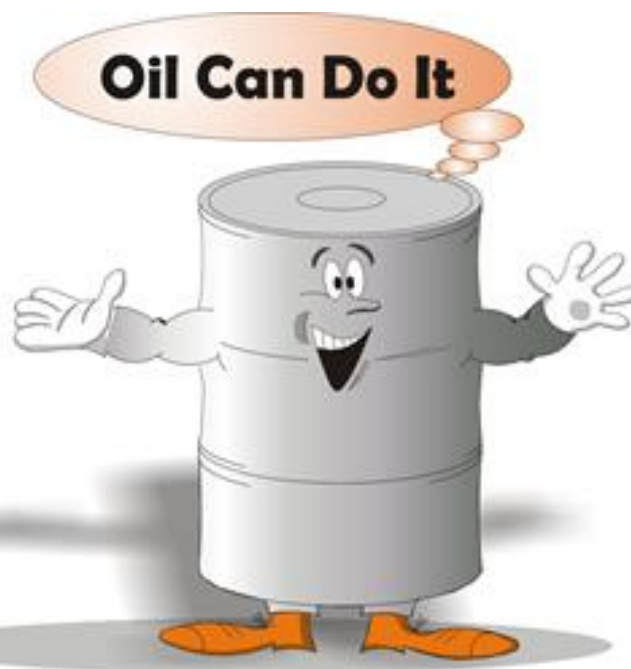

Special thanks to our largest donors:

Berry Petroleum Company
Essendant
Sturgeon Services International
SageRider West
Halliburton
General Production Services
JD Rush
E & B Resources

Thanks to all the companies that contributed:

Robert Heely Construction
Ken Small Industries
David Janes Company
Farwest Corrosion Control

Total-Western, Inc.
A Total-American Company

2019 Fall Fun Shoot Was Another Success For API

The SJV Chapter of API pulled off another very successful Fall Fun Shoot! We had 300 shooters show up at Five Dogs Shooting Range on Friday, October 4, 2019 for annual event, which is billed as the largest shoot in the county. The day started at 6:00 AM with breakfast burritos courtesy of Howard Supply Company. After the flag salute, the shooters ascended to the top of the hill for an 8:00 AM start to the shoot. The weather was perfect but the shooting was challenging, with the high score coming in at 87. The first team came off the hill right around noon, and soon, others began filtering in for lunch.

Lunch was a group effort with Global Elastomeric, Valley Power Systems, Pro Tools, Muth Pump, API, and Total Western all contributing. Alan White of Miocene Engineering provided some authentic jambalaya, while Don Taft of Valley Power Systems cooked forty-five racks of ribs. The Pro Tools gang handled the deep pit beef and Muth Pumps cooked the beans. Roger Putnam of Total Western brought dozens of cookies for dessert, and we had plenty of beer, after the guns were put away, courtesy of Joe Harrison at Coastline equipment.

We had loads of raffle prizes topped off with two nice guns from Liberty Lift, lots of prizes from Jay Haney at SageRider West, and the three super raffle prizes thanks to Robin's Envirovac, Pro Tool, and the API Chapter. California Waterfowl Association did a great job with their auction and raised \$2,600 for the scholarship fund. Everybody got a team photo through the sponsorship of Key Energy and Nalco Champion. Thank you to these folks and all of the sponsors that you can see on the banner in the photos below.

Shannon Cook was the high shooter among the ladies and we had a tie for the men with Cooper Ger-ecke and Kevin Newlen both shooting 87. They each receive a great looking belt buckle from Weatherford.

The highest scoring team was the Total Western team of Robert Rice, Jeff Reed, Dirk O'Rear, Dale Humlin, and Mike Moon. The first place handicap team was the Robin's Envirovac team of Dwayne Biseiou, Gerald Alexander, Robert Gillaspie, Logan Gillaspie, and Brian Navejas.

The great day ended with the raffle and people happily headed out about 2:00 PM. We want to acknowledge the work of all the volunteers and donors that make this event happen and the folks at Five Dogs that run it so smoothly. And of course we have to thank Jim Roberts for chairing this event and making sure that it turns out magnificently for the participants and the API Scholarship Fund. As he says, "We're doing this for the kids."

San Joaquin Valley
Chapter

A large white banner is displayed in a warehouse setting, featuring a grid of approximately 60 company logos. The logos are arranged in roughly 5 rows and 12 columns. The companies represented include Providence, Rev's Envirovac, energy API, JD Ruzh Company, HSC, Safety Management Systems, Altec CRANES, Applus+, Enterprise, Key, and many others. The banner is hung from a metal structure, and the background shows the interior of a warehouse with concrete floors and other equipment visible on the right side.

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half

For more information please contact:

Bryce Horton – Bryce.horton@bakerhughes.com (661.319.5038)

History

Cameron West Coast serving California and the West Coast 80yrs continually, onshore and offshore. Below are a few of the storied companies that make up the Cameron West Coast family today.

Newsletter Sponsorship

If you are interested in helping API while promoting your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same information on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page informational pieces. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to David Budy, dbudy@sentinelpeakresources.com. Graphics can be provided to Mike Handren, mhandren@yahoo.com.

Size	Monthly	Yearly
Business Card	\$30	\$200
Half Page	\$100	\$700
Full Page	\$200	\$1,400

Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. We want to thank Seneca Resources for being API's second corporate sponsor and look forward to seeing their employees at our future events. There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at apibakersfieldchapter@gmail.com
