

Topic: California Dreaming—The Death of Fossil Fuels???

Dave Kilpatrick

Presentation Description:

The U.S. has achieved the long sought-after goal of energy independence, but California, and most of the world, now despise fossil fuels, or hydrocarbons. How did so many people come to the conclusion that carbon dioxide is bad? Is less carbon really the answer, and is there a pathway back to

sanity?

Dave Kilpatrick is President of Kilpatrick Energy Group, which invests in oil and gas ventures and provides strategic consulting services to the energy industry. He currently serves on the Board of Directors of Cheniere Energy Inc., a publicly traded company which is the largest exporter of liquefied natural gas in the United States. Dave also serves as Senior Advisor to BlackRock TCP Capital Corporation. Dave is on the Board of two private oil and gas companies – PetroRock LLC, and Mustang Resources, LLC. He has also served on the Board of Directors of Breitburn Energy, Applied Natural Gas, Woodbine Acquisition Corp., Whittier Energy, and PYR Energy.

Dave was formerly President and Chief Operating Officer of Monterey Resources, the largest independent oil and gas company in California until its merger with Texaco. He held various management positions with Santa Fe Energy Resources in California and Texas.

A Message From The Chairman

Hello, API Members!

It is February and almost time for the second meeting of this year as we roar into the new roaring twenties, and this is going to be a busy month for your API chapter. On February 15, just three days before our monthly general meeting, we will be sponsoring 200 people from various organizations at the Bakersfield Condors hockey game. We will be hosting people from the Boys and Girls Club, the Jamison Center, Wounded Heroes, Bakersfield Homeless Center, Bakersfield Rescue Mission, Ronald McDonald House, Golden Empire Gleaners, Helping One Woman, Dream House, Covenant Community Services, and Flood Ministries. This is our second year partnering with the Condors to help others in our community and it looks like we will have a full house in our section at the game. Thanks to Tim Frame, our Community Involvement

Chair, and the board of the SJV Chapter, this is another great example of your API chapter in action.

Our February General meeting is on February 18, 2020 and promises to be a good one. Last month I was up on the soap box a little bit after we had all seen and heard about the plans that Governor Newsome has for the California oil industry. Along those lines, our February speaker is Dave Kilpatrick, the president of Kilpatrick Energy Group. He will be discussing the anti-oil movement and whether there is a path back to sanity. It should be good information for us as we do our best to educate the public and the politicians about our industry. So make your reservations to attend the February meeting here: <https://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>, and join us for socializing, networking and learning.

In addition to our monthly meetings, there are some other activities coming up in March and April, so check out the newsletter and the email blasts from the API.

I love to hear your feedback. Please feel free to call or email your comments or suggestions to (661) 330-0423, mhandren@yahoo.com, or apibakersfieldchapter@gmail.com.

I look forward to seeing you all at the February Meeting!

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half

For more information please contact:
