April 2022

**Jeremy Keller, VP of Project Development
Rondo Energy**

Zero Carbon Steam for Oil Fields and Refineries - Opportunities to lower fuel costs and crude oil carbon intensity with Solar Steam from Rondo Heat Batteries.

Rondo has developed a "new tool in the decarbonization toolbox": a zero-carbon source of industrial process heat. Our technology captures intermittent solar power (or grid power during very low price periods) and delivers continuous high-temperature heat. That heat can replace the combustion of natural gas across a wide range of processes. We're delivering oilfield steam generators that are direct, drop-in replacements for conventional OTSGs. Because of the plunging price of solar power, and the rising costs of trade and the Low Carbon Fuel Standard, switching to zero-carbon steam is very profitable. Kern County is home base for us in engineering and fabrication, and is the place where we think we can make the biggest, fastest contribution. Beyond straight OTSGs, we're developing projects that will provide zero-carbon heat for carbon capture systems, oil refineries, food producers, and cement manufacturers.

Jeremy Keller, P.E., is the VP of Project Development for Rondo Energy. Prior to Rondo, Jeremy spent 10 years with Ameresco developing and delivering energy efficiency and renewable energy projects for commercial and industrial facilities, with a focus on water, wastewater, food processing and biogas projects. He is a licensed mechanical engineer in the State of Washington with expertise in the design and technical applications of energy storage, solar photovoltaics, microgrids, renewable natural gas and HVAC systems. Jeremy earned an MBA from Oregon State University, and bachelor's degrees in Mechanical Engineering and Physics from the University of Washington.

Green plants consume CO₂ and nutrients through photosynthesis. The by-products are oxygen and biomass

Combustion plants make CO₂ and water from burning fuel gas

A solution, combine these ‘plants!’

A commercial pilot is planned in California to grow algae, a type of green plant, using CO₂ from boiler flue gas. The produced algae is a valued commodity that will be sold to customers. About 90% of the combustion CO₂ will be consumed by the algae.

This talk tells how Pacific AgriTec plans to do that.

Ramon (Ray) Elias is a California resident, engineer, scientist, inventor, and area business owner. His career spans over 49 years in energy and business both in the U.S. and various parts of the World. He began his career with Getty Oil Company in Bakersfield and has since worked as a field engineer, a research scientist, project manager, business owner, and all-purpose grunt. He’s authored over 25 technical papers, has been awarded U.S. patents, is a co-founder and executive officer of Santa Maria Energy, LLC and resides in Santa Maria, California.

A Message from the Chair

Welcome API Members

With April flying by, taxes are done and focus is shifting from looking back to forward. It seems that everyone is busy with trying to catch up or keep up with ordering parts, finding people and equipment, or scheduling.

Our 73rd annual API Golf Tournament on May 6th promises to be a great event, no matter if you attend Stockdale or Sundale. If you are unable to play golf, come out to the raffle and after party at Sundale that afternoon. There are still Sponsorship opportunities and we are still accepting raffle donations; please contact Jim Roberts with any questions.

The Fall Fun Shoot is October 7th and registration, including ammunition for 5 man teams, is available online. This event fills up quickly, so please reserve your Team quickly as this is a great event every year.

Our April Meeting will be held at 1933 Prohibition Lounge, 7900 Downing Ave, Bakersfield. Our Guest Speaker will be John O'Donnell with Rondo Energy on a Zero Carbon Heat Generator. We are also excited to welcome Ramon Elias talk about some new technology with relation to Carbon Capture reuse. I am looking forward to seeing all of you on April 19th. I would love to hear your feedback, comments, ideas, and suggestions. Please feel free to contact me Rthibodeaux@keyenergy.com or apibakersfieldchapter@gmail.com or call 661.205.3088

Pyles Boys Camp BBQ Returns to Raise Money to Support At-Risk Youth

The annual Pyles Boys Camp BBQ returns to help raise money to support programs that help low-income, disadvantaged boys through a no-cost, multi-year wilderness camp supplemented by year-round mentoring.

The BBQ will be held on Saturday, May 14, 2022, from noon to 5pm at R.M. Pyles Boys Camp Kern River Group Picnic area (13375 Lake Ming Road, Bakersfield, CA 93301).

The family-friendly event includes fun for all ages, drawings for raffle prizes, and an outstanding tri-tip dinner that costs \$15 for adults and children under 12 are free.

Pyles' goal for 2022 is to serve 450 young men and to provide \$25,000 in scholarships. It costs approximately \$2,500 to send a young man through our program with no cost to them or their family. The BBQ plays a vital role in the fundraising since the camp relies solely on private donations.

Located in the beautiful Sequoia National Monument nestled among the Redwoods, Pyles Boys Camp offers great activities such as a ropes course, archery, athletics, arts and crafts, a nature and stargazing program, and a 5 day wilderness trip.

R.M. Pyles Boys Camp is staffed by dedicated and motivated individuals who strive to bring about dramatic and positive changes in the boys who have been Pyles campers. For more information about the BBQ, including information about sponsorships, visit: <https://www.pylescamp.org/bbq>.

Thank you all for your contributions.

STEMposium 2022

API hosted a booth at the Kern County Career Expo and STEMposium on April 1. It was a great opportunity to speak with local students about the oil industry and share what STEM (Science, Technology, Engineering, and Mathematics) careers are available in our industry and what our API chapter does to provide scholarships for students pursuing STEM curriculums in college.

Time to Renew Your Newsletter Sponsorships!

As you read through the newsletter, you can see many of our supporters sharing information about their businesses. These are our newsletter sponsors. We thank them for their support and remind them that it is time to renew your sponsorship. **We will need your renewal by the end of this month in order to continue your sponsorship in future newsletters.** So please follow the instructions below to renew. Thank you.

If you are interested in helping API while promoting your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same information on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page informational pieces. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to Aaron Altramirano, aarona@westernfalcon.com. Graphics can be provided to Tim Frame, tim@mts-stim.com. Contact Tim Frame if you have any questions or need assistance (661) 447-5123.

General Meetings

General Meetings are held on the third Tuesday of each month (February through October) at the 1933 Prohibition Room in Bakersfield, 7900 Downing Avenue. Social Session starts at 6:00 PM, Technical Session starts at 6:30 p.m., and the Dinner Session starts at 7:00 p.m.

Dinners are \$30 for pre-paid RSVPs and \$35 at the door. We may have very limited seating for those who do not RSVP. We ask that you RSVP by 5:00 PM on the Thursday before meeting and prepay for your dinner on our website at:

<http://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

Your payment is your RSVP. If you cannot prepay online, please contact Aaron Altramirano for another prepay option. Those who pre-pay either way are eligible for the door prizes following the guest speaker's presentation. In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please check the appropriate menu selection when you are on the payment page.

Honorary Lifetime Members may RSVP to: apibakersfieldchapter@gmail.com with your choice of menu option.

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half

For more information please contact:

API Sponsorship Packages

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$56,000 to 26 Scholarship Recipients in June of 2021 and our goal is to exceed last years' efforts in 2022.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details, however, we can contour packages based on your individual or company needs and requirements.

API ticket and event management is an option available to you
