Education—A Key To Your Future

This presentation is a message to all of our scholarship recipients. It begins with the feelings of becoming a recipient and follows through to the things they need to consider as they pursue their educations and eventually go into the world as graduates and potential employees.

Mike Handren is the Scholarship Chairman of the San Joaquin Valley Chapter of the American Petroleum Institute. After receiving his BS degree in Petroleum Engineering from Texas Tech University, he went to work for Getty Oil Company in Levelland, Texas as an engineer. He went to work for Petro-Lewis Corporation in 1980 and received various engineering assignments in Louisiana and South Texas before being transferred to Bakersfield in 1984. He worked in California for thirty two years in Operations Management for a number of oil companies, including Petro-Lewis Corporation, Santa Fe Energy, Monterey Resources, Texaco, Nuevo Energy, Plains E&P and its successor Freeport McMoRan until March 2017.

He is on the boards of the PPGA, the San Joaquin Valley Chapter of the API and the Pyles Boys Camp. He is also active on the Wildcat Committee where he writes and performs for the annual Wildcat Hijinks show, and was a cast member and CEO of Black Gold Productions.

He is the proud father of Stanley and Lindsay, a couple of great young adults.

This year's scholarship winners are listed on page 4.

Time to Renew Your Newsletter Sponsorships!

As you read through the newsletter, you can see many of our supporters sharing information about their businesses. These are our newsletter sponsors. We thank them for their support and remind them that it is time to renew your sponsorship. **We will need your renewal by the end of this month in order to continue your sponsorship in future newsletters.** So please follow the instructions below to renew. Thank you.

If you are interested in helping API while promoting your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same information on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page informational pieces. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to Aaron Altramirano, aarona@westernfalcon.com. Graphics can be provided to Tim Frame, tim@mts-stim.com. Contact Tim Frame if you have any questions or need assistance (661) 447-5123.

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half
