CA State Government Update

What's Going on in Sacramento??

In 2016, Vince Fong was elected to represent the 34th Assembly District, which encompasses most of Kern County.

Vince serves on the following Assembly committees: Budget Committee (Vice Chair), Transportation Committee (Vice Chair), Appropriations Committee, and Business and Professions Committee.

Vince began his career with Congressman Bill Thomas, Chair of the Ways and Means Committee, working on international trade policy. He then returned home to serve the residents of Kern County.

For nearly a decade, Vince served as the district director to House Leader and Congressman Kevin McCarthy, until Vince was elected to the State Assembly in 2016.

Vince is a lifelong resident of Kern County. He earned a bachelor's degree from UCLA and masters from Princeton University. He serves on the boards of the Jim Burke Education Foundation and Honor Flight Kern County where he works to send WWII, Korean War and Vietnam Veterans to Washington, DC to see their memorials.

Using One Stone to Kill Two Birds

Economic + Sustainability Needs

Electric utility costs represent more than 25% of LOE and facility operating expenses. The electricity rate hike approved by the California Public Utilities Commission last month taking effect, will significantly increase, by as much as 10%, costs for California businesses.

Oil and gas producers, agricultural, water(+ oilfield produced water) and sewage treatment industries using the grid to power all or some of their operations will be adversely affected. How will they determine the impact of such increment to their lifting / marginal costs objectively and realistically? I will share how this can be achieved and other advanced strategies that will help engineering and management teams:

- Determine their lifting / marginal costs in real time helping them better manage the current spike in electricity prices + manage downtimes + help support M&A due diligence processes.
- Better manage and support their scope 2 emissions reporting programs - ESG.
- Validate their energy efficiency improvements projects and critical equipment performance.

BIO

Chijioke (CJ) Ejimuda is a second generation oil and gas professional. He started his oilfield career as a reservoir engineer with ExxonMobil and a brief stint supporting AERA's Ventura production operations. He has conducted extensive Autonomous Drilling research leveraging Autonomous Vehicle technology stack which was captured on his poster presentation at SPE Gulf Coast data science convention in 2019. He has presented at SPE, AAPG conferences and authored numerous publications that leverages big data, IIoT, AI/ML, computer vision, robotics and autonomous vehicle technology stacks. Besides OnePetro and AAPG Search and Discovery publications, Hybrid Data's YouTube and LinkedIn slide shares are excellent resources to gain more knowledge of his work.

Currently, he is a Principal at Hybrid Data LLC, a data driven engineering and technology advisory and implementation consulting company that leverages emerging technologies - big data, IIoT, AI/ ML, computer vision, robotics and most recently, financial technology (FinTech) to deliver turnkey solutions helping clients address operational challenges in energy, utilities and transportation (+rail) markets.

Chijioke earned his bachelor's degree in electrical electronics engineering from FUTO and a master's degree in petroleum engineering from USC. He's an aspiring marathon runner and always seizes the opportunity to play some pickup tennis and soccer.

A Message from the Chair

Welcome API Members

As we prepare for our July meeting, we had a great meeting last month where the scholarship recipients and their families attended. The Board would like to thank everyone of you that made it possible to contribute to these student's education. We are now working hard on the "Oil Can Do It" food drive this summer and look forward seeing everyone at our July 19th meeting. Our July meeting will have a technical speaker from Hyper Data and Vince Fong, 34th Assembly Representative to update us on what is going on in Sacramento.

Our Fall Fun Shoot registration including ammunition for 5 man teams is available online. The event is October 7th. This event fills up quickly so please reserve your Team quickly as this is a great event every year.

Our July Meeting will be held at 7900 Downing Ave in Bakersfield; I am looking forward to seeing all of you on July 19th. I would love to hear your feedback, comments, Ideas, and suggestions. Please feel free to contact me Rthibodeaux@keyenergy.com or apibakersfieldchapter@gmail.com or call 661.205.3088

General Meetings

General Meetings are held on the third Tuesday of each month (February through October) at the 1933 Prohibition Room in Bakersfield, 7900 Downing Avenue. Social Session starts at 6:00 PM, Technical Session starts at 6:30 p.m., and the Dinner Session starts at 7:00 p.m.

Dinners are \$30 for pre-paid RSVPs and \$35 at the door. We may have very limited seating for those who do not RSVP. We ask that you RSVP by 5:00 PM on the Thursday before meeting and prepay for your dinner on our website at:

<http://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

Your payment is your RSVP. If you cannot prepay online, please contact Aaron Altramirano for another prepay option. Those who pre-pay either way are eligible for the door prizes following the guest speaker's presentation. In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please check the appropriate menu selection when you are on the payment page.

Honorary Lifetime Members may RSVP to: apibakersfieldchapter@gmail.com with your choice of menu option.

Time to Renew Your Newsletter Sponsorships!

As you read through the newsletter, you can see many of our supporters sharing information about their businesses. These are our newsletter sponsors. We thank them for their support and remind them that it is time to renew your sponsorship. **We will need your renewal by the end of this month in order to continue your sponsorship in future newsletters.** So please follow the instructions below to renew. Thank you.

If you are interested in helping API while promoting your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same information on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page informational pieces. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to Aaron Altramirano, aarona@westernfalcon.com. Graphics can be provided to Tim Frame, tim@mts-stim.com. Contact Tim Frame if you have any questions or need assistance (661) 447-5123.

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half

For more information please contact:

API Sponsorship Packages

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$56,000 to 26 Scholarship Recipients in June of 2021 and our goal is to exceed last years' efforts in 2022.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details, however, we can contour packages based on your individual or company needs and requirements.
