Back to the Future, Looking Back to Look Forward

Shawn Kerns, EVP & COO, CRC

"If you want to know the future, look to the past"
Albert Einstein.

Unprecedented changes are on the horizon for the Oil & Gas Industry; remembering the rich history and prosperity the industry has provided for every person on this planet will give insight into the future.

Biography:

Shawn Kerns is the Executive Vice President and Chief Operating Officer for California Resources Corporation. With over 30 years of experience, Shawn has diversified operations experience in various technical, senior management, and executive roles with proven leadership results across multiple functions including operations, reservoir engineering, and corporate development. Shawn is an experienced leader of large and diverse multidisciplinary technical teams in both U.S. and International locations. He spent five years in Doha with Oxy Qatar. He has achieved outstanding results managing P&L for multiple business units and their asset teams for both onshore and offshore regions. He is a skilled coach and mentor for diverse cross-functional teams in complex business environments. Shawn's past roles have been as the EVP of Operations and Engineering and EVP of Corporate Development. Past leadership responsibilities include various engineering and technical roles for OXY in Kansas and Oklahoma, President and General Manager of Vintage Production California, President and General Manager of California Heavy Oil Company, and President and General Manager of Occidental of Elk Hills.

Shawn currently serves on the Board of Directors for Adventist Health Hospital; he has served on the CSUB Foundation Board and Boys and Girls Board in the past. Shawn has recently been selected to serve on the B3K Leadership Council for Kern County.

Shawn holds a Bachelor of Science Degree in Electrical Engineering from the University of Oklahoma and is a licensed Professional Engineer. He is an active member of the Society of Petroleum Engineers.

Bakersfield College Educational Opportunities

Anthony Cordova

Dean of Instruction

Bakersfield College

The presentation will highlight the work being performed to support our workforce, and the programs available for upskilling and the Bachelor's Degree program available in the field of Industrial Automation.

Biography

Anthony Cordova was born in Bakersfield California. He served in the US Navy as a Boiler Tech; 3 tours in the Gulf War. He worked at Solar Turbines for several years as a Plant Manager for a 34 megawatt Cogeneration facility. He worked as a Plant Manager for renewable manufacturing facility. He has been in education since 2013 as an Adjunct professor, CTE Director, and currently Dean of Instruction at Bakersfield College overseeing Career Education, Workforce Development, ITT Pathway, the Industrial Automation Bachelor's program and Apprenticeships.

A Message from the Chair

Welcome API Members

As we prepare for our September meeting, I think we are all looking forward to fall and a little cooler weather. With this year's OIL CAN DO IT food drive finished we should have final tallies available at the meeting. I want to thank everyone for your generous donations to help our community. I am looking forward to this month's meeting where our guest speaker this month will be Shawn Kerns, Executive Vice President and Chief Operating Officer of California Resources Corporation; and our Technical Session will be Anthony Cordova with Bakersfield College highlighting the local effort to expanding our workforce training opportunities. You may want to RSVP early as this will fill up quickly.

Our Fall Fun Shoot registration including ammunition for 5-man teams is available online for October 7th. This event is half full, so please reserve your Team quickly as this is a great event every year.

Our September Meeting will be held at 7900 Downing Ave in Bakersfield; I am looking forward to seeing all of you on September 20th. I would love to hear your feedback, comments, Ideas, and suggestions. Please feel free to contact me Rthibodeaux@keyenergy.com or apibakersfieldchapter@gmail.com or call 661.205.3088

- Add a whole lot of fun!

The proceeds from the raffle will go to the API Scholarship fund

Save the Dates will go out soon. Be sure to book and pay for your tickets early to guarantee your spot! There will be limited seating.

HOLD THE DATE FOR THE PARTY OF THE YEAR!

10 in 2022: Ten Policies to Unleash American Energy and Fuel Recovery

America's core promise – the freedom to be, to create, to aspire – drives the opportunity for all Americans to have better lives and reach new heights. **American energy empowers American opportunity.** Given today's global unrest and economic uncertainty, this has never been more true.

Americans have been here before, with fuel shortages in the 1970s serving as a vivid reminder. **Today, energy demand is outstripping supply.** Inflation is the highest it has been in 40 years. Fuel prices have soared. Putin's brutal aggression in Ukraine has united the West against his regime and the energy he once sold to Europe. It is all connected – and alarming. But a solution is beneath our feet.

Our nation is blessed with abundant natural gas and oil that is the envy of other countries. It is a foundation of our economy, **supporting more than 11 million U.S. jobs,** and makes our American way of life possible. It has revived Main Street storefronts, restored U.S. manufacturing, driven job creation and bolstered our nation's ability to compete. It has made America safer in a turbulent world.

Given global circumstances, it is time for an energy awakening – for the natural gas and oil supply chain and the government at all levels to open a new era of working together **to ensure that essential energy resources are unlocked; to encourage investment opportunities and accelerate infrastructure development; and to strengthen global energy security, affordability and reliability.**

Bottom line: Washington policymakers must confront the global mismatch between demand and supply that has driven higher fuel prices by supporting greater U.S. production. To address the growing crisis we face, Congress and the President must support energy investment, create new access and keep regulation from unnecessarily restricting energy growth. **The world is calling out for energy leadership. America can and should step up fast.**

1. **Lift Development Restrictions on Federal Lands and Waters** The Department of the Interior (DOI) should swiftly issue a 5-year program for the Outer Continental Shelf and hold mandated quarterly onshore lease sales with equitable terms. DOI should reinstate canceled sales and valid leases on federal lands and waters.
2. **Designate Critical Energy Infrastructure Projects** Congress should authorize critical energy infrastructure projects to support the production, processing and delivery of energy. These projects would be of such concern to the national interest that they would be entitled to undergo a streamlined review and permitting process not to exceed one year.
3. **Fix the NEPA Permitting Process** The Biden administration should revise the National Environmental Policy Act (NEPA) process by establishing agency uniformity in reviews, limiting reviews to two years, and reducing bureaucratic burdens placed on project proponents in terms of size and scope of application submissions.
4. **Accelerate LNG Exports and Approve Pending LNG Applications** Congress should amend the Natural Gas Act to streamline the Department of Energy (DOE) to a single approval process for all U.S. liquefied natural gas (LNG) projects. DOE should approve pending LNG applications to enable the U.S. to deliver reliable energy to our allies abroad.
5. **Unlock Investment and Access to Capital** The Securities and Exchange Commission should reconsider its overly burdensome and ineffective climate disclosure proposal and the Biden administration should ensure open capital markets where access is based upon individual company merit free from artificial constraints based on government-preferred investment allocations.
6. **Dismantle Supply Chain Bottlenecks** President Biden should rescind steel tariffs that remain on imports from U.S. allies as steel is a critical component of energy production, transportation, and refining. The Biden administration should accelerate efforts to relieve port congestion so that equipment necessary for energy development can be delivered and installed.
7. **Advance Lower Carbon Energy Tax Provisions** Congress should expand and extend Section 45Q tax credits for carbon capture, utilization, and storage development and create a new tax credit for hydrogen produced from all sources.
8. **Protect Competition in the Use of Refining Technologies** The Biden administration should ensure that future federal agency rulemakings continue to allow U.S. refineries to use the existing critical process technologies to produce the fuels needed for global energy markets.
9. **End Permitting Obstruction on Natural Gas Projects** The Federal Energy Regulatory Commission should cease efforts to overstep its permitting authority under the Natural Gas Act and should adhere to traditional considerations of public needs as well as focus on direct impacts arising from the construction and operation of natural gas projects.
10. **Advance the Energy Workforce of the Future** Congress and the Biden administration should support the training and education of a diverse workforce through increased funding of work-based learning and advancement of STEM programs to nurture the skills necessary to construct and operate oil, natural gas and other energy infrastructure.

Robert "Bob" Moore

CELEBRATION OF LIFE

Website News

Check out the new site for Jobs and Internships.

Under the Resources heading you can find spots to post job openings and resumes for positions desired.

There is also a spot to post Internships if your company is seeking applicants.

General Meetings

General Meetings are held on the third Tuesday of each month (February through October) at the 1933 Prohibition Room in Bakersfield, 7900 Downing Avenue. Social Session starts at 6:00 PM, Technical Session starts at 6:30 p.m., and the Dinner Session starts at 7:00 p.m.

Dinners are \$30 for pre-paid RSVPs and \$35 at the door. We may have very limited seating for those who do not RSVP. We ask that you RSVP by 5:00 PM on the Thursday before meeting and prepay for your dinner on our website at:

<http://www.apibakersfield.com/pay-online/api-monthly-dinner-meeting/>

Your payment is your RSVP. If you cannot prepay online, please contact Aaron Altramirano for another prepay option. Those who pre-pay either way are eligible for the door prizes following the guest speaker's presentation. In order to guarantee your seat and dinner choice (steak, chicken, salmon, or vegetarian) for the meeting, please check the appropriate menu selection when you are on the payment page.

Honorary Lifetime Members may RSVP to: apibakersfieldchapter@gmail.com with your choice of menu option.

Enterprise Holdings makes large scholarship donation

A special thank you to Linda Bliss and Enterprise Holdings for donating \$5000 to the scholarship fund.

Please consider Enterprise for your rental vehicle needs.

Enterprise Car Rental and Enterprise Truck Rental.

Time to Renew Your Newsletter Sponsorships!

As you read through the newsletter, you can see many of our supporters sharing information about their businesses. These are our newsletter sponsors. We thank them for their support and remind them that it is time to renew your sponsorship. **We will need your renewal by the end of this month in order to continue your sponsorship in future newsletters.** So please follow the instructions below to renew. Thank you.

If you are interested in helping API while promoting your company, the newsletter sponsorship is a great way to do it. Not only is your company displayed in the newsletter, but we also show the same information on our website and at the general meetings during dinner and between speakers.

There are options for business card, half page, and full page informational pieces. All options are available for a single month or for the entire calendar year.

Payments can be made online at www.apibakersfield.com or by providing payment to Aaron Altramirano, aarona@westernfalcon.com. Graphics can be provided to Tim Frame, tim@mts-stim.com. Contact Tim Frame if you have any questions or need assistance (661) 447-5123.

API Social Sponsorship

The American Petroleum Institute SJV Chapter is actively looking for networking social sponsorships. These networking socials help to build relationships, market products or services, and promote a positive outlook on the local oil and natural gas industry.

Sponsoring a social will include the following

- Email distribution of your company name to the API contact list (600+ industry related emails)
- Company logo and promotional items can be promoted at sign in/raffle table during the social
- Social event turnout is typically 40-60 industry related people
- Event will be promoted at API general meeting and API newsletter (600+ industry related emails)
- Possibility to have joint social with SPE (Society Petroleum Engineers) which will include their email distribution/newsletter promotion

Social Sponsorship Cost

- Cost can range from \$600 - \$2,000+
- Lower end sponsorships typically do not involve a private room secluded for the event but more of a brewery type setting providing appetizers or food for guest
- Higher end sponsorships will typically have a private room (petroleum club, 1933) or any place that will accommodate the event (providing appetizers/Dinner/Alcohol or what is within the budget)
- We can work with any budget
- If sponsorship costs are too high, we can look to host a co-sponsor social (you and another company) cost split in half

For more information please contact:

Eddie Gutierrez— eddie42.gutierrez@ymail.com

American Petroleum Institute does not charge or profit for setting up social events

**San Joaquin Valley
Chapter**

API Sponsorship Packages

Dear Fellow API Members, Supporters, & Volunteers,

The San Joaquin Valley Chapter of the American Petroleum Institute is a non-profit organization comprised of petroleum related professionals. We strive to foster a spirit of cooperation among those directly or indirectly engaged in the production of oil or gas by encouraging a free exchange of ideas among members. We support several community organizations as well as educational programs each year, and we are proud to award API Scholarships to local students pursuing careers in the petroleum industry or a closely related field. API awarded \$56,000 to 26 Scholarship Recipients in June of 2021 and our goal is to exceed last years' efforts in 2022.

In an effort to support and further our future goals, we are seeking community partners. We have 4 customizable sponsorship packages available for your consideration. I've included suggested package details, however, we can contour packages based on your individual or company needs and requirements.

API ticket and event management is an option available to you

⇒ Platinum

⇒ Silver

⇒ Black Gold

⇒ Bronze

API is a recognized 501c3 non-profit organization and your partnership contribution is **100% tax deductible 95-3086622**. We are committed to investing in the future of our youth, industry, and community; your generosity and support are greatly appreciated!

Please continue to support the American Petroleum Institute, SJVC by attending our monthly meetings, participating in our major events: Golf Tournament, Fall Fun Shoot, Oil Baron's Ball, Networking Socials, sponsorships, volunteering, guest speaking, etc.

Thank you for making a difference in our community!

(All packages are customizable based on your company preference and requirements)

API Platinum Sponsorship Package \$25,000

- Recognition at all major API Fundraising Events: API Golf Tournament, Fall Fun Shoot, and Oil Baron's Ball

Black Gold & Bronze Sponsorships Choice of 1 of the following events:

- API Golf Tournament – 1 Four Man Team
- Fall Fun Shoot – 1 Five Man Team
- Oil Baron's Ball – One premium table with 10 event tickets

Corporate Sponsorships

As part of API's mission to give back to our local community through college scholarships for those pursuing petroleum based degrees and other local educational programs, API has created a corporate sponsorship package that includes membership and tickets to our annual events. ***We want to thank Chevron SJBU, and Enterprise Vehicle Rentals, being API's corporate sponsors and look forward to seeing their employees at our future events.*** There are several sponsor packages available for each business to decide what is best for them. We look forward to signing more up in the months to come. If you have any questions, please reach out to the API at apibakersfieldchapter@gmail.com
